this book traces methods of egyptian stone construction during the pharaonic period from the construction of the step pyramids at saqqara to the obelisks of tuthmosis iii to the temples of rameses ii at thebes dr arnold covers all aspects of building including planning measuring quarrying and production transporting heavy monuments building digging shafts repairing damages and securing tombs richly illustrated with photos and field drawings by the author ancient representations of building activities and illustrations of tools and objects in museum collections this book offers a frank appraisal of current knowledge of the process of egyptian stone construction

current interactional linguistic research appears to be crystallizing around systematic themes which are all represented in this collection of papers in the first section where the relation between language and interaction is viewed from the perspective of language structure several articles deal with the potential of a single structure for both turn and sequence construction revealing a play off between planned and occasioned syntax with potentially far reaching consequences for language development other articles deal with lexical expressions as resources for the conduct of interaction

showing how they are heavily dependent on turn position and sequential context for their meaning potential in the second section with a view from the perspective of the interactional order a systematic focus of interest lies on three different conversational tasks projecting turn and turn unit completion starting up turns with non beginnings and self repairing the cross linguistic studies here all agree that common interactional tasks may well be carried out by quite different linguistic practices and that these practices are dependent to a certain extent on language features which are typologically distinct

over more than a century and a quarter of excavations the royal and administrative buildings in the city of amarna have yielded the remains of many hundreds of statues that had been part of akhenaten s visionary plan but fragmentation and dispersal have

up until now made the results almost invisible only a relatively small number of the original statues have been widely known even to experts the present publication brings together all these traces of the city's past to reveal the abundance beauty variety and novelty of the statuary and to begin the process of reintegrating it in considerations of the temples and palaces of the city the work is presented in two parts the first volume presents extensive observations about the creation of the statuary comprising chapters dealing with the range of materials and the methods of working them a detailed explication of the novel creation of composite statuary and an overview of the workshop buildings that have been identified so far at Amarna in the second volume the excavated fragments themselves most of them previously unpublished are catalogued in a series of chapters devoted to individual royal buildings the original statues are envisioned and analysed for their contexts resulting in new information about these buildings the intentions and concerns behind them and the evolution in those intentions

whereas much has been written on the subject of art the literature on the figure of the artist has been relatively scant there are certainly countless biographies as well as essays dedicated to particular aspects of art for example the relationship between artists and their patrons but there is no comprehensive text that puts together the pieces of the puzzle showing how the figure of the artist changed over the millennia an artist's story of artists is an attempt to make good this lacuna by retracing the long and often fragmented path of the artist from the palaeolithic until this morning more or less during this journey artists assumed and shed many guises they were magicians priests legends slaves salaried workers entrepreneurs inventors lunatics revolutionaries scientists patrons and much else besides they experimented with techniques and ideas always aiming to find new ways to make art and overcoming the boundaries determined by society as well as those established by themselves highlights of this story are the complex relationships artists have always had with writing and literature philosophy technology politics religion and criticism and the weighty stigma on manual work that for 5 000 years subdued them as they were regarded as halfwits who were good with their hands this substantial work is divided into five phases five great periods that witnessed the radical ways in which artists changed as they fought and lost battles among themselves and with society and the

ups and downs they experienced from being revered shamans reduced to reviled labourers later raised to geniuses and then turned into doomed and damned artists this book examines the role played by optical instruments the reasons behind the origins of exhibitions the paradoxes of art education the clichés affecting artists and the influences and interferences that have made them what they are today the book finally examine

this book sheds light on the development of pulsed electrochemical honing pech a unique hybrid finishing process which has capabilities of finishing intricate shaped components especially gears the text covers the fundamentals of the process and details all parameters of pech in the finishing of straight bevel gears it discusses all important aspects of electrochemical honing and details recent developments in tools technologies controls and operations

objects and materials are on the move like never before often at astonishing speeds and along hidden routeways this collection opens to social scientific scrutiny the various systems which move objects about the world examining their fateful implications for many people and places offering texts from key thinkers the book presents case studies from around the world which report on efforts to establish maintain disrupt or transform the cargo mobility systems which have grown so dramatically in scale and significance in recent decades
