the earth walkers is a story of the relationship of horses humans and planet earth it is a simple story that over time we as humans have complicated once all three lived in harmony but humans viewed this as primitive savage or wild and so we began to make our existence together more civilized in our interference we began to lose respect

for our planet and all that lived upon it including ourselves one of the three though remained steadfast throughout the story horses except in their physical appearance have neither changed nor tried to change anything just being themselves constantly at our sides tracing the story of the relationship from the beginning of time the unique bond between humans and horses is explored through different civilizations and cultures up to present day it tracks the journey of the two species and the effect they had on earth as they walked around it it also tells the story of how when in times of disruption chaos and imbalance earth has spoken to us giving us signs and horses have always been there guiding us to a path back home it is a path to a home on earth where all can live in harmony and at peace a path that we will hopefully choose to walk together once again
