excerpt from the expansion of europe the culmination of modern history this little book is an attempt to survey without any multiplicity of detail but with an increasing degree of fullness as the story draws nearer to our own time the sources and character of the great process by which during the last four centuries the whole world has been subjugated by the civilisation of europe and its bearing upon the problems of the great war i have tried to analyse briefly the nature of the share in this work taken by the chief european peoples who have participated in it naturally the pre dominant place is given to the british empire this must in any case have been so since the british empire covers one quarter of the earth s surface but i have given to it even more than its relative share of attention partly because it is our chief concern and partly because the variety of types which it includes makes it the most interesting political structure which has ever existed in the world while the principles upon about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

new edition of this classic work that evaluates the ecological reasons for european expansion

between the year 1000 and the middle of the fourteenth century a remarkable series of events unfolded as europeans made contact with a very substantial part of the inhabited world much of it never previously known to or suspected by them leif ericsson and other vikings from greenland discovered north america european crusading armies established themselves in syria and palestine marco polo and other italian merchants and missionaries such as john of monte corvino penetrated the dominions of the mongol great khans as far as china the vivaldi brothers sought to open a sea route to india jaime ferrer was lured by dreams of locating the source of west african gold and the atlantic island groups the canaries madeira and the azores were all discovered for this clarendon paperback edition professor phillips has added a new foreword and conclusion as well as a bibliographical essay surveying recent work in what is becoming a thriving area of research

the term social dumping regularly appears in public debates and in policymaking circles however due to its ambiguity it is used in a manner that is convenient for individual discourse participants thus opening the door for misconceptions and ill grounded accusations this book

systematically examines social dumping in the context of the european integration process it defines social dumping as the practice undertaken by self interested market participants of undermining or evading existing social regulations with the aim of gaining a competitive advantage it also shows how the two major eu integration projects the creation of the internal market and eu enlargement to the east and to the south have provided market actors with new incentives and opportunities to contest existing social constraints the empirical chapters examine social dumping practices accompanying labour migration employee posting and cross border investment distribution in addition they outline the process of formation of social standards and trace initiatives at eu and national levels that contribute to the spread of social dumping in europe this book will be of interest to scholars and students of employment relations eu studies international political economy globalisation studies welfare studies social policy and migration studies

people of european descent form the bulk of the population in most of the temperate zones of the world north america australia and new zealand the military successes of european imperialism are easy to explain in many cases they were a matter of firearms against spears but as alfred crosby maintains in this highly original and fascinating book the europeans displacement and replacement of the native peoples in the temperate zones was more a matter of biology than of military conquest european organisms had certain decisive advantages over their new world and australian counterparts the spread of european disease flora and fauna went hand in hand with the growth of populations consequently these imperialists became proprietors of the world s most important agricultural lands now in a second edition with a new preface crosby revisits his now classic work and again evaluates the global historical importance of european ecological expansion

regular commercial contacts between europe and asia date back to at least the early years of the christian era but the pattern of trade underwent a structural modification following the portuguese discovery of a route to the east indies via the cape of good hope this volume illustrates the consequences of the arrival of large numbers of europeans in the east europeans both participated in modified and exploited existing trade relationships in the indian ocean and the pacific the studies reprinted here show how some environments such as japan were hostile whilst most states welcomed the european commercial contact the necessity for europeans to pay for asian goods using precious metals is emphasised by the inclusion of articles in monetary transfers in asian trade a phenomenon which provides a link between economic developments in the americas and those in asia from the 16th century onwards
