the financial impact of war in the eighteenth century upon the corps of naval officers has not been systematically studied nor have the opportunities of a naval career to exploit such sidelines as trade money lending and land purchases in the colonies where officers spent much of their time been looked at carefully the present study analyses in detail the fortune of a single naval officer admiral sir peter warren whose principal wealth came from prize money the capture of enemy vessels in wartime he emerges as a new type of entrepreneur with his feet well planted on both sides of the atlantic equally at home in the financial circles of new york boston charleston dublin and london owing to the mobility of his naval career he became familiar with the economic prospects in these scattered places while he possessed the necessary imagination to take advantage of their commercial opportunities mobility also enabled him to select personally the agents who served his varied interests neither his widow nor his heirs had the same advantages nor did they possess the same degree of business sense with the result that his fortune invested internationally was eventually repatriated to england

although mercers have long been recognised as one of the most influential trades in medieval london this is the first book to offer a comprehensive and detailed analysis of the trade from the twelfth to the sixteenth century the variety of mercery goods linen silk worsted and small manufactured items including what is now called haberdashery gave the mercers of london an edge over all competitors the sources and production of all these commodities is traced throughout the period covered it was as the major importers and distributors of linen in england that london mercers were able to take control of the merchant adventurers and the export of english cloth to the low countries the development of the adventurers company and its domination by london mercers is described from its first privileges of 1296 to after the fall of antwerp this book investigates the earliest itinerant mercers and the artisans who made and sold mercery goods such as the silkwomen of london so often mercers wives and their origins in counties like norfolk the source of linen and worsted these diverse traders were united by the neighbourhood of the london mercery on cheapside and by their need for the

privileges of the freedom of london extensive use of netherlandish and french sources puts the london mercery into the context of european trade and literary texts add a more personal image of the merchant and his preoccupation with his social status which rose from that of the despised pedlar to the advisor of princes after a slow start the mercers company came to include some of the wealthiest and most powerful men of london and administer a wide range of charitable estates such as that of richard whittington the story of how they survived the vicissitudes inflicted by the wars and religious changes of the sixteenth century concludes this fascinating and wide ranging study
