the importance of blacks for jews and jews for blacks in conceiving of themselves as americans when both remained outsiders to the privileges of full citizenship is a matter of voluminous but perplexing record a monumental work of literary criticism and cultural history strangers in the land draws upon politics sociology law religion and popular culture to illuminate a vital highly conflicted interethnic partnership over the course of a century

god s timing is not our timing but the bible is clear that judgment will come america will be judged for its misdeeds one day it is the author s hope that people will re read the bible and encourage people to read this book to know that the author s goal is to first save souls and second save our country ideally we need to be in a financial position to help others to resolve problems in this country we must be honest and accept the truth to move forward most americans including the author need all their income to pay bills and have means to enjoy themselves the true minority in america is the rich who do not live paycheck to paycheck but have either generational wealth or maximized their talents to become prosperous hopefully anyone who became rich did not compromise their morality or abuse misuse or oppress others for their personal gain if so pray that they repent our country is in trouble as compromised christianity atheism agnosticism and satanic influence is on the rise while bible believing christians are declining getting older and are dying off it has been said that those who ignore history repeat history dr martin luther king once stated that truth suppressed to earth shall rise again the author is here to talk about the truth that is rising in our time now

it is written what had been hidden from the wise and prudent has now been made known to babes and suckling here s a book that has revealed the truth about the name of the god of creation and we cannot truly call upon the name of the lord as the

bible entreates us to do if we don t know his name many people have written books about the name s of god and what s disheartening is that not one of those so called names is the revealed name of god

as i began to write what originally started out to be a family orientated portrayal of which much still is race and the influence of politics and religion became increasingly important factors to acknowledge they are inextricably bound together in the consciousness of america decisions made by elected and unelected officials affect virtually every aspect of our lives whether we know it or not where buildings are built where roads are constructed where services are and are not provided how the administration of justice is meted out the list goes on these decisions are ultimately made by the political class the attitudes of those holding office will affect how these resources are allocated if there is a price to be paid by those decisions it s felt by those with the least political and financial clout the book is broken up into many different segments all of which play a part in either illuminating particular themes mentioned above sharing family insights and of high proirity to the writer rising in the mind of the reader the desire to question the previously unquestioned and if motivated challenge those previously unquestioned assumptions i hope the reader finds this book as interesting to read as i found it to write

this book traces the unitary source of all of the world s major religions the book underscores the fact that there are many ways in which humanity has sought revelation of god yet there is a common inspiration behind humanity s god concept the author s analysis of world religions or faiths adopts a multi interdisciplinary approach taking the reader through historical anthropological archaeological and theological viewpoints to make juxtapositions god in us is a rich resource that helps the readers understand the origins of human civilisation and how humans began to worship god domesticate animals like sheep invent astrology and create languages biko s research also delves deeper into unveiling african indigenous knowledge systems and science that predate the arrival of the colonisers on the african soil print edition not for sale in sub saharan africa

as a young girl the author once asked her mother where in africa their family was from but the reply totally contradicted everything that she was learning in school it has taken decades for the author to finally be able to say with confidence that she is who her mother said she is in searching for the truth of her ancestry within the history of america and the world one woman uncovers astonishing information amid the twisted history an american negro story lays out her research revealing the whitewashing of history that systematically made the black and brown skin people vanish from our recorded past we all are part of the human race skin color does not change that go on this fascinating journey with the author and understand that reading and researching for yourself is the only way to find the truth about the author keisha m alexander is the mother of five children and has seven grandchildren she and her husband have been married for twenty eight years she is a self educated lover of history and scripture that love is what has facilitated the writing of this book

this history of mankind has revealed he has produced great inventions wonderful works of art discoveries and has created a fragile family unit the love of man has been revealed in our souls by poetry history and by his devotion to his god man efforts of love have slowly declined over his years on earth it needs to be motivated and patiently encouraged this is my intent for writing this book that one might grow in their love and touch the world that starving for godly love godly love is not like mans love it has no expectations no paybacks but given freely without cause i hope to motivate this godly love within you god created the world and made it a world of many colors he beautified the world the colors of the rainbow everything that god created was colored to his perfection including man man does not see the things created by god as perfect as they were created because man only visualize with his eyes god expected man to visualize the beauty that he created with all of his senses including his spiritual sense his heart

the majority of people on earth are racially mixed largely due to ancient historic clashes between blacks and whites all the

ancient nations of antiquity were black the present political situation of blacks in america is due to their lack of knowledge of war philosophy and the use of force and violence in the social organization of the state as well as the liberation of colonial oppression here and in africa the book shows a white falsification of history there is a war being waged against black people in america and in africa to maintain an insidious global white supremacy

the term diaspora from the greek word διασπείρω diaspeiró meaning to scatter abroad by definition refers to the movement migration or scattering of a people away from an established or ancestral homeland however when it comes to the history of the jews this term transcends the primary surface level meaning and becomes a concept the culmination of the movement migration and scattering of the children of israel didn't conclude with assimilation into the cultures in which they found themselves they transformed the bane of exile into successful establishments of prominent and distinct communities where they not only maintained their set apart identity as jews adhering to the culture and traditions of their fathers but in many cases ascended from settlers to sovereignty nowhere is this more evident than in the sub saharan region of west africa labeled negroland or nigrizia by european cartographers but better known as soudan for within the very name soudan is the name yuda the people of the preeminent israelite tribe who had their beginnings in a land over 4 000 miles away on the opposite side of the continent the holy land of judea the diaspora of the children of israel from homeland to ham's land is a series of enlightening journeys of intrigue and fascination that has been consistently glossed over scholastically whether by ignorance or intention
