the northeast border region of india is a crossroads of southeast asia where india meets china and the himalayas and home to many ethnic minorities from across the continent the area is also the birthplace of a number of secessionist and insurgent movements and a hotbed of political fervor and violent instability in this trailblazing new study duncan mcdue ra observes the everyday lives of the thousands of men and women who leave the region every year to work study and find refuge in delhi he examines how new migrants navigate the rampant racism harassment and even violence they face upon their arrival in delhi but mcdue ra does not paint them simply as victims of the city but also as contributors to delhi s vibrant community and increasing cosmopolitanism india s embrace of globalization has created employment opportunities for northeast migrants in many capitalistic enterprises shopping malls restaurants and call centers they have been able to create their own map of delhi and their own communities within the larger and often unfriendly one of the metropolis

migration both within and between countries is increasingly one of the world s most important policy issues the faster the indian economy grows the larger will be the geographical redistribution of the workforce from localities of low to those of high employment growth thus territorial mobility is fundamental both to realizing the full economic potential of india s people and to allowing the population to escape from rural poverty the book analyses the decisive factors in labour migration based upon a thorough and robust examination of migrants to three slum localities of delhi stretching over four

decades the author examines why people migrate the circumstances of their decision and their experience at their destination he investigates the myths of urban policy that rural development will reduce migration to the cities that growth poles can be created to divert migrant flows and that government has the power to influence significantly migration scales and directions while pursuing essentially unpredictable market driven economic growth testing the essential theoretical basis for urban policy in india the book is of interest to academics studying migration of labour and urbanization and those interested in south asian studies
