take the mystery out of common core ela if you are a parent struggling to understand the new common core english language arts standards for your child you re not alone even though the common core ela has been adopted by 45 states across the nation if you re accustomed to traditional english courses you may be having a hard time understanding what your kids are bringing home from

school and why the everything parent s guide to common core ela grades 6 8 can help with easy to understand examples comprehension tips and practice exercises this comprehensive guide will explain what your child will be learning in 6th 7th and 8th grade the types of books and passages your child will be reading the new requirements and the rationale for reading nonfiction texts the focus on finding evidence and formulating arguments the reasoning behind the common core english language arts standards this valuable reference book will give you the confidence to help your kids meet the ela expectations for their grade level excel at school and prepare for high school and beyond

a guide for parents hoping to prepare their children for the common core english language requirements intended to help children in grads k 5

how the common core standardizes our kids education and how it threatens our democracy the common core state standards initiative is one of the most controversial pieces of education policy to emerge in decades detailing what and when k 12 students should be taught it has led to expensive reforms and displaced other valuable ways to educate children in this nuanced and provocative book nicholas tampio argues that though national standards can raise the education bar for some students the democratic costs outweigh the benefits to make his case tampio describes the history philosophy content and controversy surrounding the common core standards for english language arts and math he also explains and critiques the next generation science standards the advanced placement us history curriculum framework and the national sexuality education standards though each set of standards has admirable elements tampio asserts that democracies should disperse education authority rather than entrust one political or pedagogical faction to decide the country s entire philosophy of education ultimately this lively and accessible book presents a compelling case that the greater threat to democratic education comes from centralized government control rather than from local education authorities

this book offers middle and high school teachers useful suggestions and strategies for cultivating literacy in their classrooms focusing primarily on the key skills of reading and writing it discusses the nature of standards based education and emphasizes the power and importance of good literature in the ela curriculum included are detailed approaches to reading and writing with simple strategies for teaching close reading of complex text as well as textual evidence and elaboration a variety of sample performance tasks are included for commonly taught works of american and world literature as well as a variety of strategies to strengthen students reading and writing skills needed for success in college and the workplace this book is a practical handbook for teachers who can easily find appropriate strategies to use in their classrooms and begin implementing them right away it is a useful collection of tips with suggestions and instructions for implementing effective and engaging literacy strategies and performance

tasks

the central issue of this volume is how to meet the linguistic and academic needs of the increasing numbers of english learners els at the center of educational turns is the role of school professionals in this common core standards era teacher education programs and professional development or pre service and in service programs for teachers of els are currently being reframed to reflect the new demands placed on all teachers in light of the new standards the expectation is that els can learn and their teachers possess the expertise to teach both discipline content and academic english at the same time the large numbers of els across the country have created a wide gap between what teachers have been trained to do and the skills they need to teach and reach them effectively this practical handbook brings together research policy and practice on teacher effectiveness pre service and in service programs in the context of student linguistic and cultural diversity key features include clearly articulated teacher training and professional development programs coverage of common core curriculum and a variety of instructional programs and practices with research based tools to implement them and policies to equitably and effectively prepare els academically and linguistically

this edited volume examines co teaching and integrated service delivery for english learners els through research and documentary accounts it explores the collaborative instructional cycle co planning co instruction co assessment and reflection practices of co taught programs for els this volume presents current classroom based practitioner oriented research related to all aspects of co taught programs for els and offers authentic evidence and practical recommendations that yield positive outcomes for this student population

in his new book in the best interest of students staying true to what works in the ela classroom teacher and author kelly gallagher notes that there are real strengths in the common core standards and there are significant weaknesses as well he takes the long view reminding us that standards come and go but good teaching remains grounded in proven practices that sharpen students literacy skills instead of blindly adhering to the latest standards movement gallagher suggests increasing the amount of reading and writing students are doing while giving students more choice around those activitiesbalancing rigorous high quality literature and non fiction works with student selected titlesencouraging readers to deepen their comprehension by moving beyond the four corners of the text planning lessons that move beyond common core expectations to help young writers achieve more authenticity through the blending of genresusing modeling to enrich students writing skills in the prewriting drafting and revision stagesresisting the de emphasis of narrative and imaginative reading and writingamid the frenzy of trying to teach to a new set of standards kelly gallagher is a strong voice of reason reminding us that instruction should be anchored around one guiding question what is in the best interest of our students

new hope for our students who struggle most under the best of circumstances meeting the common core can be a challenge but if you're a teacher of academically or linguistically diverse students and who isn't these days then that challenge may sometimes feel more like a fantasy finally here are two expert educators who are brave enough knowledgeable enough and grounded enough to tackle this issue the grades 6-12 follow up to Dove and Honigsfeld's best-selling K-5 volume this outstanding resource is packed with all the advice tools and strategies you need to build struggling learners' language skills in today's common core climate armed with this book you'll better understand the 32 ELA anchor standards learn more about the specific skills uncommon learners need to master them discover new research-based teaching strategies aligned to each standard maximize the effectiveness of collaboration and co-teaching read this book implement its strategies and see the benefits for yourself it may be your best hope for making the standards achievable for all kinds of uncommon learners: students with disabilities speakers of nonstandard English and other struggling students Honigsfeld and Dove provide educators with research insights tools and models for helping diverse students meet and exceed common core anchor literacy standards across disciplines this book is a powerful guide for deepening classroom teaching practices and engaging in professional conversations that foster the enduring learning of content language and literacy Jeff Zwiers, researcher, Stanford University, CA: "uncommon learners are more common in classrooms than you think" thankfully Honigsfeld and Dove show us the way they pave a path to high expectations that actually shows us how to get there filled with examples and ideas this book will contribute in significant ways to the success that all learners have for decades to come Douglas Fisher, professor, San Diego State University, CA

who's afraid of for-profit education? those who work in non-profit or government-owned and operated schools many parents and other stakeholders have been made fearful by this education establishment what's more important to humans: nutrition or education? nutrition is more important because it is the prerequisite for other human activities including education what organizations provide food and who pays for the food? food is provided by for-profit farmers for-profit processors for-profit wholesalers and for-profit retailers most food is purchased with the consumer's own money but a significant amount is purchased by low-income individuals using food stamps why can't education be provided similarly using education stamps we trust for-profit enterprises to provide our food why can't we trust for-profit enterprises to provide K-12 education? fear-mongers have frightened us and made us into gullible compliant socialists who despise commercial activities in education go to the supermarket and ponder its marvelous array of foods and then contemplate how a for-profit K-12 education sector would please and amaze its customers
