safe maternity pediatric nursing care 2nd edition online resources and davis edge work together to create an interactive learning experience that teaches students to think critically and make the best patient care decisions the text written specifically for lpns lvns provides the comprehensive nursing knowledge they need to understand in this key course online resources equip instructors with the lesson plans teaching resources and activities

to create an active classroom environment where students can apply what they're learning. Davis Edge Online Quizzing tracks student progress, assesses their knowledge, prepares students for classroom exams and the NCLEX, and provides real-time analytics to identify their weak concepts and topic areas. Text: This is the Maternity/Peds textbook that focuses on what LPNs must know with just the right depth and breadth of coverage of the knowledge and skills to practice safely. A student-friendly approach helps LPN/LVNs master safe and effective nursing care by developing the critical thinking and problem-solving skills they need to excel in clinical practice. Clear, concise, readable, well-organized, and easy to follow, it's the text that prepares new nurses to make the connections. Davis Edge is the online quizzing program that integrates seamlessly into the classroom to give students the additional practice questions they need to perform well on course exams and the NCLEX. Handpicked preset assignments save instructors time, while actionable analytics let them take the pulse of how their students are performing. Instructors have the real-time data they need to monitor, track, and assess their class's mastery of the content; they are able to easily identify the areas in which students are struggling, intervene quickly, and provide remediation to ensure that students succeed and improve within following areas: comprehension and retention (how well do students understand the content?), participation and engagement (are students keeping up with their reading and assignments?), test-taking skills (are students prepared for NCLEX-style questions and improving their test-taking skills?). An access code inside new printed texts unlocks Davis Edge as well as a wealth of online learning tools and resources, including an eBook powered by VitalSource. Our new approach to LPN/LVN education. LPN/LVN Connections responds to the pressures and challenges faced in nursing education with a new approach that highlights key themes across our core textbooks, maintains a consistent reading level, common terminology, and lab values to improve student outcomes in class and prepares them for professional practice. Educators: contact your favorite Davis consultant to learn more about LPN/LVN Connections. Make the connections every step of the way.

New and consolidated content on pain assessment and management focuses on this key aspect of pediatric nursing. Updated content on evidence-based practice illustrates how current research can be used to improve patient outcomes. The latest information in the field is included throughout, including expanded coverage of the late preterm infant and fetal heart rate pattern identification.
