get the current affairs 2022 e book and learn in detail about the important news including national international affairs defence politics sports people in news mou agreements science tech awards honours books etc of 2022

this current affairs monthly capsule september 2022 e book will help you understand in detail exam related important news including national international affairs business and economy art culture government schemes awards honours etc

this work enforces the need to take multi disciplinary and or inter disciplinary approaches when solutions for e education or online e learning are introduced the text is aimed at researchers and practitioners from academia industry and government

an examination of how production processes from penicillin to steel to semiconductors get more efficient over time and a powerful argument for efficiency as an underrated driver of progress efficiency is the engine that powers human civilization it s the reason rates of famine have fallen precipitously literacy has risen and humans are living longer healthier lives compared to preindustrial times but where do improvements in production efficiency come from in the origins of efficiency brian potter argues that improving production efficiency finding ways to produce goods and services in less time with less labor

using fewer resources is the force behind some of the biggest and most consequential changes in human history with unprecedented depth and detail potter examines the fundamental characteristics of a production process and how it can be made less time and resource intensive and therefore less expensive the book is punctuated with examples of production efficiency in practice including how high yield manufacturing methods made penicillin the miracle drug that reduced battlefield infection deaths by 80 percent during world war ii the 100 year history of process improvements in incandescent light bulb production and how automakers like ford toyota and tesla developed innovative production methods that transformed not just the automotive industry but manufacturing as a whole he concludes by looking at sectors where production costs haven't fallen and explores how we might harness the mechanisms of production efficiency to change that the origins of efficiency is a comprehensive companion for anyone seeking to understand how we arrived at this age of relative abundance and how we can push efficiency improvements further into domains like housing medicine and education where much work is left to be done

infoworld is targeted to senior it professionals content is segmented into channels and topic centers infoworld also celebrates people companies and projects

migrating to a different country can be difficult especially when attempting to start a business africans who migrate to the uk manage to negotiate and forge relationships among themselves and with the members of their host society in doing so they not only demonstrate tactics to form self employment relationships but they also unveil socio cultural patterns and identity formation the evolution of black african entrepreneurship in the uk explains why people leave africa what they encounter their interactions with the host community their strategies of inclusion and perceived exclusions from the mainstream of british society this publication also provides information on the social changes and policies that african countries are adopting to negotiate the immigration and emigration processes of the diaspora communities illustrating multiple aspects of black african entrepreneurship that serve as a vehicle not only for self employment relationships but also for the unveiling of socio cultural patterns and identity formation this publication covers gender biases forced vs voluntary migration and diaspora entrepreneurship it is designed for policymakers managers entrepreneurs consultants practitioners professionals scholars students and researchers
