it is the variation in plainsong its living quality that these essays address

this collection of essays examines the polyvalent concept of new worlds in the context of medieval and early modern sermon studies while the terms old world and new world are commonplace in studies of europe and the americas this volume explores how preaching in the atlantic world and beyond creatively engaged audiences in addressing new cultural and religious perspectives regardless of their geographical location and time period the identification of the other in sermons is already an implicit recognition of a novel world which could be equally enticing and intimidating the scholars represented in this volume examine a wide panorama of medieval and early modern efforts as they identify how sermons which often served as a highly effective media of mass communication reflect shifting identities sometimes contested and sometimes embraced within long standing traditional constructs particular themes include apocalypticism art and mission cultural interaction multilingualism forms of religious life and theological innovation

investigates the reception and performance history of the polyphonic mass in lutheran central europe from ca 1540 1600 the five movement polyphonic mass ordinary emerged from the cultural and liturgical practices of medieval roman catholicism and became the pre eminent large scale musical genre of early modern europe by the end of the sixteenth century the polyphonic mass remained a core musical genre among catholics despite gaining widespread popularity within a new institution fundamentally opposed to the catholic church and best known for its cultivation of vernacular liturgical music the lutheran church this book investigates the reception and performance history of the polyphonic mass in lutheran central europe from ca 1540 1600 through careful source analysis this study presents examples of polyphonic masses composed in both lutheran and catholic contexts that contradict the conventional conception of the mass ordinary as a fixed five movement cycle with unaltered latin texts the book draws on sixteenth century liturgical documents such as lutheran church orders and hundreds of primary printed and manuscript sources of polyphonic masses some of these items are well known in renaissance musicology source studies while others have received

little to no scholarly attention the book's findings invite reconsideration of how the mass ordinary genre is defined allow for a discussion whether the polyphonic mass should be considered a bi-confessional genre and present a cohesive examination of early modern liturgical music in the Germanic and Western Slavic regions it offers interesting reading to scholars and students of European Renaissance and religious music as well as Reformation studies more generally
