philadelphia s black mafia could be used as primary reading in deviance and organized crime courses academicians in the fields of criminology sociology history political science and african american studies will find the book compelling and important this book provides the first sociological analysis to date of philadelphia s infamous black mafia which has organized crime with varying degrees of success in predominantly african american sections of the city dating back to the late 1960 s philadelphia s black mafia is a first step in developing both data and sophisticated theoretical propositions germane to the ongoing study of organized crime uses primary source documents including confidential law enforcement files court transcripts and interviews explores the group s activities in detail depicting some of the most notorious crimes in philadelphia s history thoroughly examines the organization of the black mafia and the group s alliances conspiracies and conflicts challenges many of the current historical and theoretical assumptions regarding organized crime

this book provides a comprehensive cutting edge look at the problems that impact the way we conduct intervention and treatment for youth in crisis today an indispensable resource for practitioners students researchers policymakers and faculty working in the area of juvenile justice understanding juvenile justice

and delinquency provides a concise overview of the most compelling issues in juvenile delinquency today it covers not only the range of offenses but also the offenders themselves as well as those impacted by crime and delinquency all of the chapters contain up to date research laws and data that accurately frame discussions on youth violence detention and treatment related issues such as gangs and drugs the consequences for scholars teachers and students and best practices in intervention methods the book s organization guides readers logically from the broader definitions and parameters of the study of juveniles to the more specific the volume leads with an explanation of the relationship between victimization and juvenile behavior and sets up boundaries of the arenas of delinquency from the family to the streets to cyberspace the book then focuses on more specific populations of offenders and offenses including recent emerging issues offering the most accurate information available and cutting edge insight into the issues that affect youth in custody and in our communities

publisher description

since the year 2000 there have been approximately 200 school shootings in the united states unfortunately this is not simply a u s problem in 2017 a 15 year old canadian male student committed suicide after shooting two other students and a teacher during that same year in brazil a private school student fatally shot two classmates and injured four in 2018 a 13 year old russian girl opened fire with a gas pistol and injured seven 7th graders hence school violence is a problem of global concern acts of school violence in the school setting addresses this international problem from a crime and criminal justice perspective the history of school violence follows the pattern of what most would consider the history of education according to the u s department of justice current research has shown a decline in the rates of school violence over the past three years however the few high profile cases broadcast repeatedly in the media lead the public to other conclusions all individuals agree that a child attending school should be concerned with the process of learning not with avoiding victimization and that the school environment should be a safe and secure location for both students and teachers in addition and most central to this text without a safe school environment students and teachers may be assaulted injured or killed included in this textbook are definitions related to the types and categories of school violence including bullying stalking and crimes against students that involve the internet discussions on victims and offenders and case examples also included in this textbook is information on criminal justice system responses to school violence from both a national and international perspective finally this textbook discusses adult perpetrators of school violence and the explanations for such attacks

at the outset of the twenty first century more than 9 million people are held in custody in over 200 countries around the world from the essay prisons and jails by ron kingthe first comparative study of this increasingly integral social subject international handbook of penology and criminal justice provides a comprehensive and balanced review

discusses the extent and characteristics of adolescent crime looks at theories concerning adolescent criminality and assesses the juvenile court system

featuring a pragmatic approach to coping with the legal complications surrounding pretrial release drug related crime and freedom of religion among other issues this timely reference presents a host of legal

policy problems in diverse political and cultural settings throughout the world contributors bridge the academic gulf between worldwide and public policy studies as well as the ideological gap between liberal and conservative attitudes toward constitutional law individual liberty public safety and human rights the authors emphasize the need for an integrated one world perspective in the international legal community drawing on over 1200 references tables and illustrations

built on the philosophy of rehabilitation and treatment rather than retribution and punishment the key goal of the juvenile justice system is to deter delinquency before adolescents enter the harsher adult system juvenile justice an active learning approach second edition provides an in depth exploration of the united states juvenile justice system and the response from police courts and correctional institutions to crimes committed by juveniles as well as the strategies used to deter these crimes using an active learning approach renowned authors frank schmallegger and catherine d marcum provide students with a foundational understanding of the juvenile justice system while also giving them the opportunity to put what they learn into action thus increasing their ability to comprehend and retain information and to carefully analyze the juvenile justice system

almost 650 000 men and women approximately the size of the city of memphis tn return home from prison every year oftentimes with some pocket change and a bus ticket they reenter society and struggle to find work housing a supportive social network economic barriers the stigma of a felony conviction and mental health and addiction challenges make reentry a bleak picture leading some to return to a life of crime a department of justice study of 404 638 inmates in 30 states released in 2005 for example identified that 68 percent were rearrested within 3 years and 77 percent within 5 years of release education and workforce readiness programs must be central components in better preparing individuals to successfully reenter society and stay out of prison this book compiles chapters written by individuals on the right and the left of the political spectrum and within and outside the fields of prison education and reentry that address this need for reform chapters feature the voices of prominent national figures pushing for reform current and former students who have benefitted from an education program while in prison those teaching or managing educational programs within prison and researchers entrepreneurs and policy influencers

the origins of american criminology is an invaluable resource both separately and together these essays capture the stories behind the invention of criminology s major theoretical perspectives they preserve information that otherwise would have been lost there is urgency to embark on this reflective task given that the generation that defined the field for the past decades is heading into retirement this fine volume insures that their life experiences will not be forgotten the volume shows criminology to be a human enterprise ideas are not driven primarily and often not at all by data theories are not invented solely as part of the scientific process they are not inevitable american criminology s great theories most often precede the collection of data they guide and produce empirical inquiry not vice versa theoretical paradigms are shaped by a host of factors scholars assumptions about the world drawn from their social constructs disciplinary content and ideology cognitive environments found in specific universities and the field s scholarly networks and quirks in a person s biography the volume demonstrates that humanity is what makes theory possible diverse experiences when we were born where we have lived the unique trajectories of our personal life courses the disciplines and academic places we have ended up allow

individual scholars to see the world differently

at the beginning of the twenty first century and in light of the tremendous development that pervaded information and communication technology criminality entered a new phase characterized by exploiting information and communication technology in committing and concealing crimes this resulted in new patterns of serious crimes known as cybercrime which required a similar treatment based on information technology electronic communications digital investigation digital evidence and artificial evidence which has introduced new terms into the lexicon of forensics and police sciences

feminist theory crime and social justice offers an insightful look at the primarily masculine driven perspective on crime and justice through the lens of feminist theory the book presents the argument that an increased understanding of the female crime typology life course and gender specific programming will improve social justice for offenders discussions on the direct implications of the way society views crime and justice contribute to policy recommendations for helping to improve these views specifically as they relate to female crime

how can otherwise normal moral persons as citizens voters and jurors participate in a process that is designed to take the life of another in death by design research psychologist craig haney argues that capital punishment and particularly the sequence of events that lead to death sentencing itself is maintained through a complex and elaborate social psychological system that distances and disengages us from the true nature of the task relying heavily on his own research and that of other social scientists haney suggests that these social psychological forces enable persons to engage in behavior from which many of them otherwise would refrain however by facilitating death sentencing in these ways this inter related set of social psychological forces also undermines the reliability and authenticity of the process and compromises the fairness of its outcomes because these social psychological forces are systemic in nature built into the very system of death sentencing itself haney concludes by suggesting a number of inter locking reforms derived directly from empirical research on capital punishment that are needed to increase the fairness and reliability of the process the historic and ongoing public debate over the death penalty takes place not only in courtrooms but also in classrooms offices and living rooms this timely book offers stimulating insights into capital punishment for professionals and students working in psychology law criminology sociology and cultural area studies as capital punishment receives continued attention in the media it is also a necessary and provocative guide that empowers all readers to come to their own conclusions about the death penalty

this book combines the latest in sociology psychology and biology to present evidence based research on what works in community and institutional corrections it spans from the theoretical underpinning of correctional counseling to concrete examples and tools necessary for professionals in the field this book equips readers with the ability to understand what we should do why we should do it and tools for how to do it in the field it discusses interviewing interrogating and theories of directive and nondirective counseling including group counseling it discusses the strengths and weaknesses of various correctional approaches such as cognitive behavioral therapies group counseling and therapeutic communities it introduces ethical and legal considerations for correctional professionals with an explanation of the presentence investigation report case management and appendices containing a variety of classification and assessment instruments this volume provides practical hands on experience students of criminal justice

psychology and social work will gain an understanding of the unique challenges to correctional success and practical applications of their studies this book is a teacher student practitioner s dream grounded in theory and evidence based research on best practices it is accessible well written filled with sound insights and tools for working with criminal justice clients i have used and loved each new edition of this fine text dorothy s mclellan texas a m university corpus christi

travis hirschi is one of the most cited criminologists of the twentieth century his work has provoked controversy and heated debates about the causes of crime proper research methods and the most effective policies to prevent and control crime known as a spokesperson for social control theory hirschi always ties his ideas to the mode of investigation and the mode of investigation to substantive concerns theoretical contributions and research methodology have been twin driving forces throughout his career this book contains representative selections of hirschi s work over many years it is remarkable how little is known about hirschi s life and career john h laub s introduction combines a discerning account of hirschi s life and work accompanied by an interview with the author laub s volume covers various topics methodological issues principles of casual analysis criteria of causality longitudinal research on crime rules and the study of deviant behavior correlations between crime and delinquency control theory of delinquency intelligence causes and prevention of delinquency family structure and crime theory of crime crime and criminality deviance white collar crime and juvenile justice systems now available in paperback this is an invaluable text for courses in criminology as well as a valuable addition to professional libraries
