students will not become enthusiastic readers of literature from a teacher simply assigning reading tasks and assessing the completion of the tasks especially when the assessment takes the form of threatened quizzes instead as this book shows teachers have an obligation to reveal to learners the procedures that skilled readers follow as they work with and enjoy literature and a further obligation to help learners to recognize some value in tackling complex works of literature

this book highlights the issues of access learning careers and identities in a diverse range of educational settings with diverse groups of adult students across europe much of the work in this book illuminates these issues through the voices of adult students and adult educators and illustrates the rich variety of practice and context of adult education in europe it draws on the work of scholars from across europe within the framework of the european society for research on the education of adults esrea the chapters include examples and discussions of access learning careers and identity in the context of higher and further education the workplace and prisons the reader will see how structure and agency interplays and interacts in developing or not the learning careers and identities of adult students and adult educators the book will appeal to researchers and educators in adult education other professionals in associated fields and policy makers

in russell s theory of perception sajahan miah re examines and evaluates the development of russell s concept of perception and the relation of perception to our knowledge of the external world with the introduction of logical construction in which physical objects are constructed from actual and possible sense data russell s theory of perception seems to become a causal theory with phenomenalist overtones the book argues that there is a consistency of purpose and direction which motivated russell to introduce logical construction the purpose was to strike a compromise between his empiricism and his realism and to establish a bridge between the objects of perception and the objects of physics and common sense

bertrand russell is regarded as one of the twentieth century s greatest minds well known for his profound knowledge and controversial approach to myriad of different issues and subjects such as sex marriage religion education and politics his prolific works also exhibit great intellectual wit and humour first published in 1958 bertrand russell s best is a delightfully funny and entertaining book and a striking testament to the remarkable life work and wit of bertrand russell

based on data gathered for the learning lives project which sought to understand learning by questioning individuals about their life histories this book seeks to define a new learning theory based on the life story narrative

bridges the gap between the fields of second language acquisition sla and second and foreign language l2 writing this title intends to advance our understanding of written language learning by collecting theoretical meta reflections and empirical studies that shed light on two crucial dimensions of the theory and research in the field
