cultural practices of victimhood aims to set the agenda for a cultural study of victimhood words such as victim and victimhood represent shifting cultural signifiers their meaning depending on the cultural context of their usage using case studies and through a practice based approach questions are asked about how victimhood is defined and constructed whether in the ritual commemoration of refugees on lampedusa the artistic practices of an aboriginal artist such as richard bell or the media practices associated with police violence consisting of contributions by cultural studies experts with an interest in victim studies this book seeks a double readership on the one hand it intends to break new ground with regards to a cultural turn in the field of criminology in particular victimology on the other hand it also seeks to open up discussions about a victimological turn in culture studies the volume invites scholars and advanced students active in both domains to reflect on victimhood in cultural practices

this book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th 20th and 21st centuries and the

ways in which they have shaped the spanish language and cultural manifestations in both spain and hispanic america the majority of the chapters are concerned with otherness in its various dimensions the alien other foreign immigrant ethnically different disempowered female or minor as well as the other of different sexual orientation and or ideology following octavio paz otherness is expressed as the attempt to find the lost object of desire the frustrating endeavour of the androgynous plato wishing to embrace the other half of zeus who in his wrath tore off from him otherness compels human beings to search for the complement from which they were severed thus a male joins a female his other half the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection formerly altered by divine will as a result of this transformation one can annul the distance that keeps us away from that which not being our own turns into a source of anguish the clashing diversity of all things requires the human predisposition to accept that which is different such a predisposition is an expression of epistemological ethical and political aperture the disposition to co exist with the different is imagined in the de anthropocentrization of the bonds with all living realms and otherness is in some way the reflection of sameness mismidad the other is closely related to the self because the vision of the other implies a reflection about the self it implies consciously or not a relationship with the self these topics are addressed in this book from an interdisciplinary perspective encompassing arts humanities and social sciences

the red brigades were a far left terrorist group in italy formed in 1970 and active all through the 1980s infamous around the world for a campaign of assassinations kidnappings and bank robberies intended as a concentrated strike against the heart of the state the red brigades most notorious crime was the kidnapping and murder of italy s former prime minister aldo moro in 1978 in the late 1990s a new group of violent anticapitalist terrorists revived the name red brigades and killed a number of professors and government officials like their german counterparts in the baader meinhof group and today s violent political and religious extremists the red brigades and their actions raise a host of questions about the motivations ideologies and mind sets of people who commit horrific acts of violence in the name of a utopia in the first english edition of a book that has won critical acclaim and major prizes in italy alessandro orsini contends that the dominant logic of the red brigades was essentially eschatological focused on purifying a corrupt world through violence only through revolutionary terror brigadists believed could humanity be saved from the putrefying effects of capitalism and imperialism through a careful study of all existing documentation produced by the red brigades and of all existing scholarship on the red brigades

orsini reconstructs a worldview that can be as seductive as it is horrifying orsini has devised a micro sociological theory that allows him to reconstruct the group dynamics leading to political homicide in extreme left and neonazi terrorist groups this subversive revolutionary feedback theory states that the willingness to mete out and suffer death depends in the last analysis on how far the terrorist has been incorporated into the revolutionary sect orsini makes clear that this political religious concept of historical development is central to understanding all such self styled purifiers of the world from thomas müntzer s theocratic dream to pol pot s cambodian revolution all the violent purifiers of the world have a clear goal to build a perfect society in which there will no longer be any sin and unhappiness and in which no opposition can be allowed to upset the universal harmony orsini s book reconstructs the origins and evolution of a revolutionary tradition brought into our own times by the red brigades
