few historical figures are as inextricably linked as ulysses s grant and robert e lee but less than two decades before they faced each other as enemies at appomattox they had been brothers both west point graduates both wearing blue and both fighting in the same cadre in the mexican war they were not alone sherman davis jackson nearly all of the civil war s greatest soldiers had been forged in the heat of vera cruz and monterrey the mexican war has faded from our national memory but it was a struggle of enormous significance the first u s war waged on foreign soil and it nearly doubled our nation at this fascinating juncture of american history a group of young men came together to fight as friends only years later to fight as enemies this is their story full of dramatic battles daring rescues secret missions soaring triumphs and tragic losses the training ground is history at its finest

anatomy and embalming serves as an illuminating exploration of the intersection between the artistic and scientific narratives in the realm of thanatology this anthology offers an insightful examination into the various schools of thought surrounding human anatomy and the ancient practice of embalming weaving through a tapestry of historical and cultural significance the collection encompasses a wide range of styles from methodical scientific discourse to moving reflections on mortality form and preservation underscoring both the aesthetic and utilitarian aspects of the human form notable pieces invite readers to navigate through layers of perception challenging preconceived notions of life and death the editors albert john nunnamaker and charles otto dhonau bring together a disparate group of contributors rooted in both the medical and literary disciplines their curation harmoniously bridges the gap between these arenas revealing how each informs and transforms the other the anthology aligns with movements in cultural history that view death not only as an end but also as a continuation of narrative thus enhancing our comprehension of the human condition by presenting varied global perspectives the collection stands as an essential testament to the dialogue between tradition and innovation in the study of the human body this compilation is a must read for anyone seeking a profound understanding of the nuanced relationship between anatomy and embalming processes the anthology presents a unique opportunity to engage with a confluence of perspectives that broaden the discourse on human life s final chapter readers are encouraged to explore this text not only as an educational resource but also as a catalyst for deeper contemplation on the interplay of science and humanity here the rich tapestry of contributions promotes a dialogue that is as enlightening as it is enriching

a seldom seen view of arnis modern arnis the filipino fighting art of professor remy pesas as seen by 1st generation student senior master instructor grandmaster of

arnis bram frank modern arnis is seen through the perspective of the family art of the bolo and knife edged tools rather than a stick the art of the blade as hidden in modern arnis based on the family style of bolo is shown the presas family was known for teaching bolo to the brigades during wwii bram was named by the last of the presas family gm roberto presas and the worldwide family of modern arnis and filipino martial arts council as the guardian of the legacy of presas bolo bram s innovations and translations are shown the same as he teaches at the fma festivals in the philippines some history of modern arnis in the usa is told
