if a list were made of the greatest human beings who have ever lived those reflected upon in this four volume series would be at the top of that list though historians often attempt to judge greatness from their own subjective perspective there must be an objective criteria by which human greatness is judged the only person who is capable of establishing that criteria is god the criteria that god has established are the virtues as identified by jesus and revealed by him through the holy gospels the goal of this four volume series is to present each saint found on the catholic liturgical calendar as a solemnity feast or memorial in such a way as to identify the godly virtues that place them on the top of that list though their greatness has already been established and their heroic virtues confirmed by the church god chose the men and women found in these pages not only for greatness in their lifetimes but also as models of holiness in ours these men and women are gifts to you given by god through the church every saint is unique but every

saint is similar because each one became living witnesses to christ and living gospels for a world in need some saints were united to god through martyrdom some through virginity and chastity some through works of charity and some through lives of intense prayer the saints have come from every culture every socio economic background every level of education and every personality type through every saint god shines forth radiating his abundant mercy through the diversity of their lives in the end it is not their personality preferences gifts or any other unique qualities that unite them as the one communion of saints it is god and god alone who floods their souls and forms them into a united song of praise of god s eternal glory why read about the saints why learn about their lives why ponder what they said and did the answer is simple you are called to be among their company you are called to become as holy as they were transformed by god s grace and to radiate that grace in the world today at first the virtues of the saints might seem to be out of your reach the saints can appear to be superhuman the truth is that the saints became fully human by becoming who they were created to be they rejected the deceptions of the devil the seductions of the world and the weaknesses of the flesh instead they discovered the truths of god sought out the riches of heaven and became filled with the strength of every virtue as you read about the lives of the saints ponder their words and actions study their heroic virtues and learn from their lives of prayer allow yourself not only to be inspired by them but also to desire to imitate them nothing is stopping you from being counted among the saints in heaven god promises to lavish every grace upon you that you need to walk down that holy path only when you refuse his grace is that mission thwarted
