taiwan is in danger of becoming the last isle losing its sovereignty and identity the last isle opens from where taiwan film scholarship leaves off the 1980s taiwan new cinema focusing on relatively unknown contemporary films that are unglobalizable such as cape no 7 island etude din tao and seven days in heaven it explores taiwan films inextricability with trauma theory the irony of loving and mourning taiwan multilingualism local beliefs and theatrical practices including ang lee s white films the second half of the book analyzes taiwan s popular culture in western style food and drink conditions over living and dying and english education concluding with the source of taiwan s anxiety china this book distinguishes itself from taiwan scholarship in its stylistic crazy quilt of the scholarly interwoven with the personal evidenced right from the outset in the poetic title the last isle coupled with the dissertating subtitle this approach intertwines the helix of reason and affect scholarship and emotion the last isle accomplishes a look at globalization from the bottom up from a global taiwan whose very existence is in doubt

this volume gives an overview of the practical impact of and theoretical debate surrounding the cefr

based on the analysis of a specially compiled corpus of internationally recognized english as a foreign language efl reading tests at different levels of proficiency this volume explores the relation between the complexity of written texts and the difficulty of reading comprehension tests it brings together linguistic investigations into the text inherent complexity of the tests and a study of the data derived from their administration to groups of italian university students the study of text complexity draws on corpus linguistics text linguistics and systemic functional linguistics both quantitative and qualitative analyses are carried out on the language used in the reading texts and in the

related tasks that make up the corpus of tests the assessment of test difficulty on the other hand is informed by research on language testing and in particular by findings and methodologies of classical test theory and item response theory relevant aspects of these theories are used to analyze and interpret both the data obtained from the administration of the tests and the data collected by means of feedback questionnaires completed by test takers the application of such diverse methodologies and the subsequent comparison of the results of the analyses has brought out interesting correlations between text inherent complexity perceived test difficulty and actual test difficulty

now in its fourth edition esl ell literacy instruction combines a comprehensive scope with practical research based tools and applications for reading instruction designed for use by pre service and in service teachers this guidebook provides the context and expertise to plan and implement reading programs that match the needs and abilities of students at all ages and levels of proficiency the book explains different models of literacy instruction from systematic phonics to whole language instruction discusses controversies in the field and includes specific teaching methods within each model the fourth edition highlights recent developments in education policy new models of instruction and devotes greater attention to issues surrounding assessment an expanded companion website integrates with the text to offer additional tools and examples and readers are encouraged to develop their own teaching strategies within their own instructional models providing a thorough overview of the history and major issues of esl ell literacy instruction this book will be of great interest to pre service and in service teachers at all levels from kindergarten to adult learners

essential insights and strategies for teaching and researching second language listening comprehension skills the handbook of second language listening provides comprehensive and authoritative coverage of the processes challenges and pedagogy of second language l2 listening designed for researchers teacher educators and classroom practitioners this volume presents a systematic examination of how l2 learners perceive and interpret spoken language across diverse contexts and discusses how instruction can better support the listening process the handbook addresses a broad range of topics essential to understanding and teaching l2 listening including perceptual foundations the influence of prosody speech perception listening assessment and metacognitive strategy use chapters by leading scholars and

emerging voices in applied linguistics bridge theory and practice by offering evidence based insights into listener variability instructional design and the interface between listening and pronunciation this book brings attention to topic areas often overlooked such as decolonial theory in listening research and the impact of orthography on perception equipping educators and scholars with the tools needed to understand l2 listening as both a cognitive process and a teachable skill the handbook of second language listening integrates current findings from phonetics psycholinguistics and applied linguistics connects theoretical models of perception and processing with classroom based applications addresses foundational and emerging topics from phonetic decoding comprehension of spoken academic discourse includes dedicated sections on technology enhanced assessment and instruction covers key pedagogical challenges such as listening in noise processing of prosody and strategy instruction provides practical frameworks for evaluating and designing l2 listening tasks the handbook of second language listening is ideal for graduate level courses in tesol and applied linguistics including second language acquisition listening pedagogy and language assessment which are core to ma tesol and linguistics programs it is also a critical reference for researchers teacher educators curriculum designers and language assessment specialists

the second edition of this handbook provides comprehensive coverage of the concept of accessibility and its application to the design and implementation of instruction and tests with all students it updates and expands on its original contents and responds to the increasing demand for research based evidence of accessible instruction and testing practices from the professional community chapters explore how outcomes are affected when essential features or components of instructional materials and tests are not accessible to any portion of the student population the handbook addresses the new set of standards for educational and psychological testing that was published in 2014 as well as requirements for a high level of access for all interim and summative tests by national testing consortiums in addition the handbook describes how the center for applied special technology cast has continued to advance universal design for learning udl principles in mainstream education with teachers of all types of students not just students with disabilities topics featured in this text include a summary of u s policies that support inclusive assessment for students with disabilities an overview of international policies that support inclusive assessments designing developing and implementing an accessible computer based national assessment system universal design

for learning udl principles and the future of assessment recent advancements in the accessibility of digitally delivered educational assessments the handbook of accessible instruction and testing practices second edition is an essential reference for researchers practitioners and graduate students in education and allied disciplines including child and school psychology assessment testing and evaluation social work and education policy and politics

this book describes language testing practices that exist in the intermediate space between large scale standardized testing and classroom assessment an area that is rarely addressed in language testing literature drawing empirical research on a variety of languages the volume discusses local language tests ability to represent local contexts and values explicitly and purposefully embed test results within instructional practice and provide data for program evaluation and research although local testing practices have been grounded in the theoretical principles of language testing the authors in this volume supplement the theoretical content with practical examples of how local tests can be designed to effectively function within and across different institutional contexts

understanding language testing presents an introduction to language tests and the process of test development that starts at the very beginning assuming no knowledge of the field the book promotes a practical understanding of language testing using examples from a variety of languages while grounded on solid theoretical principles the book focuses on fostering a true understanding of the various uses of language tests and the process of test development scoring test performance analyzing and interpreting test results and above all using tests as ethically and fairly as possible so that test takers are given every opportunity to do their best to learn as much as possible and feel positive about their language learning each chapter includes a summary suggestions for further reading and exercises as such this is the ideal book for both beginning students of linguistics and language education or anyone in a related discipline looking for a first introduction to language testing
