most come to accept her but the brutal and proud youth who is destined to become the clan's next leader sees Ayla's differences as a threat to his authority he develops a deep and abiding hatred for the strange girl of the others who lives in their midst and is determined to get his revenge. Praise for the Earth's Children series: Auel is a highly imaginative writer she humanizes prehistory and gives it immediacy and clarity. The New York Times book review: storytelling in the grand tradition from the violent panorama of spring on the steppes to musicians jamming on a mammoth bone marimba. Auel's books are a stunning example of world building they join the short list of books like James Clavell's *Shogun* and Frank Herbert's *Dune* that depict exotic societies so vividly that readers almost regard them as survival manuals. *Vogue*: Jean Auel has established herself as one of our premier storytellers her narrative skill is supreme. *Chicago Tribune*: pure entertainment at its sublime wholly exhilarating. *Best*: Los Angeles Times readers who fell in love with Little Ayla will no doubt revel in her prehistoric womanhood. People: lively and interesting enhanced greatly by the vividly colored backdrop of early humanity. Auel is a prodigious researcher. The Washington Post book world: among modern epic spinners Auel has few peers she deftly creates a whole world giving a sense of the origins of class ethnic and cultural differences that alternately divide and fascinate us today. *Kirkus Reviews*: starred review.
