this monograph looks at how tax is intertwined with constitutional law and the state in the uk it looks at a variety of topics including tax devolution scrutiny and reform of tax legislation the protection of taxpayers and the domestic legal processing of international rules and problems tax law state building and the constitution presents and interrogates five key claims first there is a clear overlap between the concerns of tax and constitutional lawyers secondly the tax system is being deeply affected by the fast pace of constitutional change thirdly decisions taken in the tax field are likely to have a reverse influence on the evolution of the constitution fourthly these relationships are heavily context dependent with tax making all the difference to some ongoing constitutional controversies whilst having very little to do with others fifthly by acknowledging tax as an important moving part within the contemporary constitution we might understand both tax and constitutional law a little better the book therefore contributes to deeper theoretical debates on the identity of tax law as a discipline the relevance of tax to public lawyers the meaning of state building in the recent history of a developed country and the importance of public finances to a wider sense of what is going on these are questions that ought to command the attention of tax and constitutional law academics as well as policy makers and reformers runner up of the 2022 sls peter birks prize for outstanding legal scholarship

this collection brings together major themes and difficult questions in the philosophical foundations of tax law it allows the reader to consider how tax systems should move forward in the modern world with a sound philosophical basis to provide the practical tax system that the state requires and citizens deserve

main highlights of finance act 2021 1 income tax an introduction 2 important definition 3 assessment on agricultural income 4 exempted incomes 5 residence and tax liability 6 income from salaries 7 income from salaries retirement and retrenchment 8 income from house property 9 depreciation 10 profits and gains of business or profession 11 capital gains 12 income from other sources 13 income tax authorities 14 clubbing of income and aggregation of income 15 set off and carry forward of losses 16 deductions from gross total income 17 assessment of individuals computation of total income 18 computation of tax liability of individuals 19 deduction of tax at source 20 procedure of assessment 21 penalties offences and prosecution 22 appeal and revision 23 tax planning 24 recovery and refund of tax 25 advance payment of tax 26 assessment of hindu undivided family

and computation of tax liability 27 assessment of firm and association of persons and computation of tax liability capital and revenue expenditure and receipts rebate and relief in tax provision and procedure of filings the return of income and e filing of income tax and tds returns

international tax law is at a turning point increased tax transparency the tackling of base erosion and profit shifting beps the reconstruction of the network of bilateral tax treaties the renewed discussion about a fair and efficient allocation of taxing rights between states in a global digitalized economy and the bold push for minimum corporate taxation are some expressions of this shift this new era also demonstrates the increased influence of international standard setters such as the oecd the un and the eu each of these developments alone has the potential of being disruptive to the traditional world of international tax law but together they have the potential to reshape the international tax system the oxford handbook of international tax law provides a comprehensive exploration of these key issues which will shape the future of tax law divided into eight parts this handbook traces the history of international tax law from its earliest days until the present including reflections on the developments that have characterized the last one hundred years the second section places tax law within the broader international context considering how it relates to public and private international law as well as corporate trade and criminal law sections three and four consider key legal principles and issues such as regional tax treaty models oecd dispute resolution and transfer pricing versus formulary apportionment subsequent analysis places these issues within their european and cross border contexts providing an assessment of the role of the ecj state aid and cross border vat section seven broadens the scope of this analysis asking how trends in recent major economies and regions have helped shape the current outlook the final section considers emerging issues and the future of international tax law with over sixty authors from 28 different countries the oxford handbook of international tax law is an invaluable resource for scholars academics and practitioners alike

this volume presents a new approach to today s tax controversies reflecting that debates about taxation often turn on the differing worldviews of the debate participants for instance a central tension in academic tax literature which is filtering into everyday discussions of tax law exists between mainstream and critical tax theorists this tension results from a clash of perspectives is taxation primarily a matter of social science or of social justice should tax policy debates be grounded in economics or in critical race feminist queer and other outsider perspectives to capture and interrogate what often seems like a chasm between the different sides of tax debates this collection comprises a series of pairs of essays each pair approaches a single area of controversy from two different perspectives with one essay usually taking a mainstream perspective and the other a critical perspective in writing their contributions the authors read and incorporated reactions to each other s essays and paid specific attention to the influence of perspective on both the area of controversy and their contribution to the debate with contributions from leading mainstream and critical tax scholars this volume takes the first step toward bridging the gap between these differing perspectives on tax law and policy
