firmly established as the standard text for undergraduate courses in ethics james rachels and stuart rachels the elements of moral philosophy introduces readers to major moral concepts and theories through eloquent explanations and compelling thought provoking discussions

moral philosophy is the study of what morality is and what it requires of us as socrates said it s about how we ought to live and why it would be helpful if we could begin with a simple uncontroversial definition of what morality is unfortunately we cannot there are many rival theories each expounding a different conception of what it means to live morally and any definition that goes beyond socrates s simple formula tion is bound to offend at least one of them this should make us cautious but it need not paralyze us in this chapter i will describe the minimum conception of morality

elements of moral philosophy by jasper adams first published in 1837 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

reprint of the original first published in 1845

excerpt from elements of moral philosophy comprising the theory of morals and practical ethics moral philosophy or ethics says dr paley is that science which teaches men their duty and the reasons of it one advantage of making this sci ence a study is to lead the student to reflect on the nature of the motives by which he is habitually actu

ated and the tendency of the course of conduct which he is daily pursuing although the science should afford no new information in regard to the moral nature of man nor cast any new light on the path of duty yet the individual might derive very great benefit from being led frequently and seriously to reflect on the subjects on which it treats it is of reflection rather than instruction that many stand most in need about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

this influential work on moral philosophy explores the nature of morality and the role of reason in ethical decision making with a focus on social and moral principles whewell s elements of morality provides a thought provoking perspective on some of the most important questions facing humanity this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

the elements of morality is a treatise on moral philosophy that argues for the existence of objective moral standards based on reason and intuition it covers a wide range of topics such as duty virtue justice and the social organization of humans it was highly influential in the development of british moral philosophy in the 19th century this work has been selected by scholars as being culturally important and is part of the knowledge base of

civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this pioneering handbook surveys the research landscape of strategic leadership in what is referred to as the fourth industrial revolution a fusion of technologies and systems which blurs the boundaries between the digital physical and biological spheres

excerpt from the elements of ethics an introduction to moral philosophy this book was written in 1891 with a special view to the wants and difficulties of students for whom there was at that time far less easily available assistance than there fortunately is in the present year of grace in issuing a new edition i have had to encounter the difficulty of trying to bring it as far as possible up to date without at the same time altering it out of all recognition as an elementary manual through the kindness of mr murray i have been delivered from the difficulty of having to consider the exigencies of

stereotype plates for an author anything but a leaden rule and have thus been enabled to rewrite large portions besides introducing many detailed alterations the chief additions will be found in the middle and in the appendices at the end of the book about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
