authors lee bolman and terrence deal explain how to use the powerful tool of reframing deliberately looking at situations from more than one vantage point to bring order out of confusion and to build high performing responsive organizations

discussing the major theories of political leadership with a focus on contemporary challenges that political leaders face worldwide this research companion provides a comprehensive and up to date resource for an international readership the editors combine empirical and normative approaches to emphasize the centrality of political culture as well as the limits of culture and the universal demands of innovative adaptation the volume examines

40 leadership nuggets of wisdom to live by is a collection of lessons learned by the author in his pursuit of becoming a wise and great leader the book is divided into forty 40 days each day focuses on a particular nugget of wisdom and a few points to ponder so that the reader tries to live by the nugget of wisdom for that day why not 21 days why not 30 days yes many authors have proven that it takes 21 days to create a habit but the author believes that it will take more than 21 days for a person to be truly wise 30 days make you practice the habits even more but 40 days propel you ahead of others

although some progress has been made in recent decades in getting women into top positions in government business and education there are on going persisting challenges with efforts to improve the opportunities for women in leadership the handbook of research on gender and leadership comprises the latest research from the world s foremost scholars on women and leadership exposing problems and offering both theoretical and practical solutions on how to best strengthen the impact of women around the world

all leaders make choices but not all leaders are choice focused in interactional leadership and how to coach it the art of the choice

focused leader michael harvey presents an important new theory of leadership which demonstrates how to coach successful choice making this clear wide ranging book integrates business and psychology exploring the art of choice focused leadership through neuroscience cognitive psychology existential philosophy and leadership studies interactional leadership helps leaders to make informed decisions throughout the achievement cycle of strategy resourcing and delivery and emphasises the importance of psychological balance the book features chapter long case studies which provide unique insights into the leader s inner world and clearly illustrate how the tightrope of leadership can be mastered harvey draws important lessons about decision making from corporate leaders politicians and even shakespeare s tragic heroes and addresses the leader s ethical responsibility for major issues facing us now and in the future the interactional model also focuses on coaching the multiple roles of leadership such as global leader team leader innovator entrepreneur and chair of the board accessible and practical interactional leadership and how to coach it is an ideal guide for coaches leaders students trainers of coaches and anyone involved in leadership development and recruitment

for most of this century the habit of thinking about politics and economics in terms of grand and simple alternatives has exerted a powerful influence over the minds of those concerned with economic organization politics economics and welfare is a systematic attack on the idea of all embracing ideological solutions to complex economic problems

leadership and change for the health professional will provide health professionals with the latest thinking on leadership theory and research it highlights the issues that can block successful healthcare leadership initiatives and explores ways of constructively engaging with the opportunities provided by change each chapter draws out practical lessons for effective and efficient leadership of care that is compassionate and safe leaders and students at all levels will be able to use this book to expand their leadership repertoire in a text that engages with many themes including the basics of leadership and the idea of leadership as a calling motivating employees implicit leadership theory developing trust building learning organisations gender and equality planning and organising change in healthcare leading change the links between the theory and practice of healthcare leadership are skilfully explored with examples of research

implemented in practice and the textbook further equips your study with helpful summaries and suggestions for further reading this is essential reading for all healthcare professionals in clinical practice as well as students studying or engaged in research on health care management and leadership with a foreword by thomas garavan edinburgh napier business school uk amongst the vast number of leadership texts published every year this book stands out it has been edited with considerable care by two highly respected scholars in the field to make it accessible to all those interested in and practising leadership whether healthcare professionals or students it is well organised and moves seamlessly to address many important questions about the nature of leadership including important questions of ethics gender trust motivation innovation teams and distributed leadership the final section focuses on leading change in healthcare a critical element of leadership practice in today s world too many leadership books ignore context this book however is firmly rooted in the healthcare context and aspires to help professionals in this sector to reflect deeply on the complexities of leading through uncertain times whilst each chapter stands alone the book s merit is in offering multiple perspectives curtis and cullen have encouraged the book s contributors to address the big debates and themes in healthcare leadership today whilst keeping in sharp focus the practice of leadership sharon turnbull visiting professor lancaster university management school uk in leadership and change for the health professional elizabeth curtis and john cullen have crafted an exceptionally timely collection of practically based research insights as global healthcare systems face disruptive and often uncomfortable forces for change this book tackles complex topics that health leaders must understand while oriented toward generative practice and creative leadership skills curtis and cullen do not shy away from engaging with controversial aspects of leadership development such as bias gendered practice or even clinical failure making it a valuable resource for educators and practitioners alike accessible and lively leadership and change for the health professional is a successful blend of current issues with a visionary future kathy lund dean board of trustees distinguished professor of leadership ethics gustavus adolphus college usa curtis and cullen bring together a comprehensive overview of leadership from its historical development up to its role within the current healthcare context presented by a variety of scholars the particular challenges and demands faced by leaders and those who aspire to lead are discussed within and it addresses the many facets of leadership approaches anyone

interested in the development of leadership and change will find this particularly stimulating and a valuable text for academic and students alike alison h james school of healthcare sciences cardiff university uk this book covers many aspects of leadership which are timely in nature and directly relevant to health professionals the contributors are highly respected and offer different perspectives on this complex issue we need to encourage practitioners to see themselves as leaders this evidence based text will serve to guide them in this quest de emphasising the individual leadership qualities and including those of teams makes this book stand out from others the nhs features prominently but despite this readers from other countries should be able to easily transfer the content to their own health services the useful websites at the end of each chapter provide further direction for readers this is a text that is written with a very positive stance even though the difficulties of being a leader are not ignored it ends with a discussion on the vision for leadership at individual team and organisational levels lots to read absorb and you can do this a chapter at a time which is great professor bridie kent head of school of nursing and midwifery plymouth university uk this book addresses an important topic where there is huge scope to add value this is partly due to the scale of the nhs the language makes the text accessible to professionals as well as academics it is also good to see that the issue of learning organisations is addressed as well as impact of leadership on patients professor john g burgoyne lancaster university management school uk leadership and change for the health professional is a timely and authoritative academic and professional exposition of the challenges for clinicians and healthcare managers in carrying out their management roles in our modern medical and healthcare systems its focus on change is both apt and relevant in the context of the dynamic development of our healthcare structures niamh brennan michael maccormac professor of management university college dublin

highly commended in the 2024 business book awards international business book category ceos and organizational leaders are only as strong as the teams they build and yet it is surprising how little practical advice there is for senior leaders on how to create build and optimize their teams step up the next leadership team illustrated with real life examples from interviews with ceos c suite members and headhunters throughout the next leadership team explains how senior leaders can improve the performance of their leadership teams

by identifying clear team approaches associated team member profiles and by leading that team these ideas are brought to life with case studies and interviews with well known corporations such as abb allianz amazon axa best buy capita danone deutsche telekom ferrari freudenberg haier hilti hsbc holcim huawei logitech microsoft nestlé netflix nokia nordea schneider electric tata wipro and zurich insurance this book is an invaluable resource for ceos and senior executives who need to build and develop leadership teams to drive success in the organizations they lead it is also relevant to headhunters who are involved in the appointments of members of senior leadership teams
