city of well being provides a radical and holistic introduction to the science and art of town planning it starts from the premise that the purpose of planning is the health well being and sustainable quality of life of people it offers inspiration information and an integrated perspective which challenges all professions and decision makers that affect the urban environment

beneath the modern city of philadelphia lie countless clues to its history and the lives of residents long forgotten this intriguing book explores eighteenth and nineteenth century philadelphia through the findings of archaeological excavations sharing with readers the excitement of digging into the past and reconstructing the lives of earlier inhabitants of the city

urban archaeologist rebecca yamin describes the major excavations that have been undertaken since 1992 as part of the redevelopment of independence mall and surrounding areas explaining how archaeologists gather and use raw data to learn more about the ordinary people whose lives were never recorded in history books focusing primarily on these unknown citizens an accountant in the first treasury department a coachmaker whose clients were politicians doing business at the state house an african american founder of st thomas s african episcopal church and others yamin presents a colorful portrait of old philadelphia she also discusses political aspects of archaeology today who supports particular projects and why and what has been lost to bulldozers and heedlessness digging in the city of brotherly love tells the exhilarating story of doing archaeology in the real world and using its findings to understand the past

walking connects the rhythms of urban life to the configuration of urban spaces as the contributors and editors show in walking in cities walking also reflects the systematic inequalities that order contemporary urban life walking has different meanings because it can be a way of temporarily taking possession of urban space or it can make the relatively powerless more vulnerable to crime the essays in walking in cities explore how walking intersects with sociological dimensions such as gender race and ethnicity social class and power various chapters explore the flâneuse or female urban drifter in tehran s shopping malls hispanic neighborhoods in new york san diego and el paso and the intra neighborhood and inter class dynamics of gentrification in greenpoint brooklyn the essays in walking in cities provide important lessons about urban life

this book features a multidisciplinary focus on walking as a mode in the context of transportation urban planning and health breaking down the silos this book presents a multidisciplinary focus bringing together research from transport public health and planning to show linkages and the variation in experience around the world

sociologists have long noted that dynamism is an essential part of the urban way of life however walking as a significant social activity and crucial research method in spite of its ubiquity as part of urban life has often been overlooked this volume considers walking in the city from a variety of perspectives in a variety of places and with a variety of methods to engage with the question of how walking can contribute to the sociological imagination and reveal sociological knowledge bringing together new research on sites across europe walking in the european city addresses the nature of everyday mobility in contemporary urban settings shedding light not only on the ways in which walking relates to other social institutions and practices but also as a method for studying urban life with attention to intersections of race and ethnicity gender and class as well as the manner in which processes of gentrification transform urban space this book examines questions of access to

public places exploring the ways in which urban dwellers use of and relation to neighbourhood spaces are shaped by inequalities of status and power as such it will appeal to scholars of sociology geography and anthropology with interests in urban studies mobility and research methods

from neighborhoods such as lakeview and mid city to landmarks including the saenger theater and mercedes benz superdome from its restaurants and music clubs to its parks and museums the big easy has regained the title of one of the world s most fascinating cities in walking new orleans lifelong resident and writer barri bronston shares the love of her hometown through 30 self guided tours that range from majestic st charles avenue and funky magazine street to bywater and faubourg marigny two of the city s it neighborhoods within each tour she offers tips on where to eat drink dance and play for in addition to all the history culture and charm that new orleans has to offer and there s plenty faubourg marigny it provides tourists and locals alike with one heck of a good time
