western struggles and failures to create functioning states in countries such as iraq or afghanistan have inspired questions about whether statebuilding projects are at all viable or whether they make the lives of their intended beneficiaries better or worse in this groundbreaking book oliver richmond asks why statebuilding has been so hard to achieve and argues that a large part of the problem has been westerners failure to understand or engage with what local peoples actually want and need he interrogates the liberal peacebuilding industry asking what it assumes what it is getting wrong and how it could be more effective

for some historians and biographers maximilien robespierre 1758 94 was a great revolutionary martyr who succeeded in leading the french republic to safety in the face of overwhelming military odds for many others he was the first modern dictator a fanatic who instigated the murderous reign of terror in 1793 94 this masterful biography combines new research into robespierre's dramatic life with a deep understanding of society and the politics of the french revolution to arrive at a fresh understanding of the man his passions and his tragic shortcomings peter mcphee gives special attention to robespierre's formative years and the development of an iron will in a frail boy conceived outside wedlock and on the margins of polite provincial society exploring how these experiences formed the young lawyer who arrived in versailles in 1789 the author discovers not the cold obsessive robespierre of legend but a man of passion with

close but platonic friendships with women soon immersed in revolutionary conflict he suffered increasingly lengthy periods of nervous collapse correlating with moments of political crisis yet robespierre was tragically unable to step away from the crushing burdens of leadership did his ruthless uncompromising exercise of power reflect a descent into madness in his final year of life mcphree reevaluates the ideology and reality of the terror what robespierre intended and whether it represented an abandonment or a reversal of his early liberalism and sense of justice
