this practical step by step guide reveals the fundamental principles of building a successful business that will run without its owner and become a saleable asset includes foreword by ceo of council small business australia and 100 dollars of downloadable business tools in the five pillars of guaranteed business success you will learn why most businesses stay small and the steps you must take to avoid the micro stayer fate you will learn how to utilise each of the five pillars in your business to enable you to increase your profits to make it run without you and to turn it into a saleable asset there is however one step between the business know how contained within this book and success so the five pillars of guaranteed business success also reveals what stops most business owners applying this knowledge and how you can overcome this major obstacle

efficient compliant management systems pave the road to sustainability through integration and automation the book addresses the many definitions of sustainability and why ceos need the links between sustainability business value and performance business leaders are committed to leading the way and

the book outlines the support of a management system structure and business principles that will drive the accomplishment of their mission stakeholder demands on ceos include many challenges investors are assessing companies for financial performance the shrinking talent pool of employees is looking to work with organizations that support social environment and economic operating practices and principles great leaders are those that ask questions who are creative to drive innovation for growth of their company the assess reflect act section on international business principles defined in the book will ask you as the leader thought provoking questions to stimulate action within your organization to bring people processes and technology together for business success leaders need to transition to smart decisions that are data driven the company s management system structure is important to build a strong framework for business process operations and automation for global competitiveness topics include business plans vs management systems management system frameworks standardization iso standards quality iso 9001 environment iso 14001 ohsas 18001 integrated management systems three steps for process development identify insure improve focus for the organization compliance costs best practices strategic planning support resources innovation engagement succession planning data as a valuable resource operation process risks management system control plan e commerce enterprise resource planning erp green awareness eco design automated controls cloud computing performance evaluation monitor measure analyze audit management review competitive landscape the constant need to improve internal processes and move toward business sustainability and quality standards is a major stressor for governments and businesses with one third of the workforce retiring in the next five to ten years the need has become more immediate and the focus has shifted to building a strong framework for business process operations and automation for global competitiveness this book provides a roadmap to efficient compliant systems showing businesses how to build toward sustainability goals and capture key knowledge of the employees involved in the process

this book is about people and skilled work there has been much turmoil in the business environment about how to best manage the balance between people and technology at a time when pressures for cost reduction are ever greater our argument is that people are central to business success and the appropriate use of technology should support their needs this is not always easy in practice we work in a period when change occurs in ever shortening cycles black and white solutions may seem attractive but the long term consequences are rarely advantageous a new system is required build ing on lessons from the past human centred systems build upon core skills of the workforce within a rich emancipatory environment utilising the benefits of technology change can be embraced to achieve competitive advantage and mutual benefit the three authors are respectively engineering director of an innovative international manufacturing company analyst for an inter national merchant bank and university business school professor the book is intended to offer a new synthesis of theory and practical experience derived from recent british and european collaborative pro grammes we are grateful to our colleagues and families for their tolerance during the writing of this book even human centred books impose pressures on busy people old windsor brighton and kingston june 1995 a r k

straight to the point and matter of fact business expertise from an experienced past and present business owner this book captures the necessary skills to be successful in operating a business as an entrepreneur or senior corporate manager kevin regular has taken his business and corporate experiences to

develop a business guide for those committed to becoming leaders in entrepreneurship as well as corporate management the topics discussed in business smarts lead to business success are current in today's marketplace can be applied to any business and discusses the issues facing business professionals today and for years to come this is real life material condensed in a book which is better than classroom learning on its own business smarts lead to business success elaborates on four foundations which are knowing what you want going after what you want keeping what you have and managing it more than a book but a reference for developing business maintaining business and successfully managing staff the areas discussed in this book not only build the foundations for business success but these rules are proven and timeless in having a strong business intelligence for entrepreneurs executives and managers the chapters to be discussed are chapter one know the company vision to see business develop you must understand why you are in business and be able to clearly explain the value that your business provides in society if you want to stay in business chapter two business development if you don't have the right people in the right places at the right time you will not see your business grow a group that works together is successful in its efforts to develop business chapter three pursuing business pursuing business and winning business is about understanding your business capabilities without having the right mixture of business capabilities your business will not stay in business chapter four negotiation negotiation is not about just getting a good deal negotiating the right way is about building relationships while getting a good deal don't burn your bridges chapter five contract importance don't be afraid of signing contracts and being in a binding relationship contracts are agreements that show that you as a business professional can come to an agreement chapter six risk mitigation be smart be proactive and have plans in place to avoid or limit risks to your business by understanding what you can do to keep business operating when risks occur chapter seven understanding your competition your competition will watch your every move and may even pretend to be a potential business partner but these are wolves in sheep's clothing beware chapter eight peril at your competition's hand keep your business information secure understand what you can do to protect your proprietary information and other business secrets chapter nine innovation v s stagnation businesses that choose innovation will long outlast those that do not choose innovation always rethink how you do what you do and challenge yourself chapter ten the importance of diversifying business understand the market and always think of complementing what your business offers with services and products that will introduce you to a wider market chapter eleven value driven trends can be identifiers of the direction of the market but focusing on continuously adding value is the only way to stand the test of time as a long lasting business chapter twelve how does your organizational performance impact business development making sure your staff is emotionally satisfied is more important than you think a dissatisfied staff will lead to dissatisfied customers chapter thirteen managing your people for success managers and business owners must have several skills to lead successfully business smarts lead to business success discusses what's needed
