the first social history of its kind in any language this is a fascinating account of spain s passage
 from the middle ages to modernity from the street theatre of village carnivals to the violence of the
 spanish inquisition and revealing everyday life from the court to the brothel spanish society 1400
 1600 explores the changing relationships between society s haves and have nots with pen portraits
 of major historical figures such as st teresa and torquemada and including sections on diet and
 health honour and sexuality ruiz paints a vivid picture of a passionate history

spanish society depicts a complex and fascinating country in transition from the late middle ages to
 modernity it describes every part of society from the gluttonous nobility to their starving peasants
 through anecdotes a lively style and portraits of figures such as st teresa of avila and torquemada
 the book reflects the character and humour with which the common spaniard endured an often
 wretched lot beginning with a description of the geography political life and culture of spain from
 1400 to 1600 the unfolding narrative charts the country s shifts from one age to the next it unveils
 patterns of everyday life from the court to the brothel from the haves of the aristocracy and clergy
 to the have nots of the peasantry and the urban poor historical records illuminate details of spanish
 society such as the transition from medieval festivities to the highly scripted spectacles of the early

modern period the reasons for violence and popular resistance and the patterns of daily living eating dressing religious beliefs and concepts of honour and sexuality this compelling account includes historical examples and literary extracts which allow the reader direct access to the period from the street theatre of village carnivals to the oppressive spanish inquisition it gives an abiding sense of spain in the making and renders vivid the colours of a passionate history

bringing together distinguished scholars in honor of professor teofilo f ruiz this volume presents original and innovative research on the critical and uneasy relationship between authority and spectacle in the period from the twelfth to the sixteenth centuries focusing on spain the mediterranean and latin america cultural scholars such as professor ruiz and his colleagues have challenged the notion that authority is elided with high politics an approach that tends to be monolithic and disregards the uneven application and experience of power by elite and non elite groups in society by highlighting the significance of spectacle taking such forms as ceremonies rituals festivals and customs spectacle is a medium to project and render visible power yet it is also an ambiguous and contested setting where participants exercise the roles of both actor and audience chapters in this collection consider topics such as monarchy wealth and poverty medieval cuisine and diet and textual and visual sources the individual contributions in this volume collectively represent a timely re examination of authority that brings in the insights of cultural theory ultimately highlighting the importance of representation and projection negotiation and ambivalence

the study of biofilm considers the close association of micro organisms with each other at interfaces and is relevant to a variety of disciplines including medicine dentistry bioremediation biofouling water technology engineering and food science although the habitats studied differ widely some common elements exist such as method of attachment coadhesion and regulation of biofilm phenotype and architecture this book aims to distil the common principles of biofilm physiology and growth for all interested disciplines

in studying the past archaeologists have focused on the material remains of our ancestors prehistorians generally have only artifacts to study and rely on the diverse material record for their understanding of past societies and their behavior those involved in studying historically documented cultures not only have extensive material remains but also contemporary texts images and a range of investigative technologies to enable them to build a broader and more reflexive picture of how past societies communities and individuals operated and behaved increasingly historical archaeology refers not to a particular period place or a method but rather an approach that interrogates the tensions between artifacts and texts irrespective of context in short historical archaeology provides direct evidence for how humans have shaped the world we live in today historical archaeology is a branch of global archaeology that has grown in the last 40 years from its north american base into an increasingly global community of archaeologists each studying their area of the world in a historical context where historical archaeology started as part of the study of the post columbian societies of the united states and canada it has now expanded to interface with the post medieval archaeologies of europe and the diverse post imperial experiences of africa latin america and australasia the 36 essays in the international handbook of historical archaeology have been specially commissioned from the leading researchers in their fields creating a wide ranging digest of the increasingly global field of historical archaeology the volume is divided into two sections the first reviewing the key themes issues and approaches of historical archaeology today and the second containing a series of case studies charting the development and current state of historical archaeological practice around the world this key reference work captures the energy and diversity of this global discipline today
