from the mid eighteenth century on cultural life in the northern valley of the st john river blended the traditions of acadian and french canadian settlers with those of american immigrants in the southern valley mi kmaq interacted with american newcomers and loyalist settlers while the later influx of scottish and irish immigrants introduced more layers of cultural traditions using an impressively diverse combination of artifacts artwork maps and primary literature from over sixty museum collections and archives cook addresses the experiences of immigrants and artisans and their influence on the cultural boundaries along one of eastern north america s most important rivers she moves beyond a mere catalogue of objects to provide an important comparative analysis of material heritage showing how furniture embodied the lifestyles of differing groups of settlers

this book identifies and classifies the causes of component wear and failure it then turns to the analytical and investigative methods to find the causes of excessive wear and failure at the mechanical dynamic interfaces within tested components weak links these methods are described in a cookbook fashion they are supported by a thorough discussion of the experiences with the application of these processes to actual components the weak links found the corrective actions taken and the significant improvements in service life achieved the great effect that properties of nonmetallic materials have on component life are included this includes an introduction to the family tree of polymeric materials and an extensive tabulation of 120 dynamic interface configurations and designs that were investigated and rated

in nooks and corners being the companion volume to from kitchen to garret j e panton invites readers into a rich tapestry of domestic life weaving together vignettes that capture the essence of victorian england the narrative style blends keen observation with an almost lyrical quality painting both the mundane and the extraordinary in everyday settings this work serves as a testament to the intricate relationships between space and identity as panton explores the overlooked corners of homes and their profound significance to the human experience the intertwining of personal anecdotes and societal commentary creates a multidimensional tapestry that resonates with both the historical context and contemporary reflection on domesticity j e panton a figure rooted in the victorian literary tradition draws from his extensive background in literature and history his keen interest in the interactions between society and its physical environments undoubtedly influenced the creation of this volume drawing parallels with his earlier work from kitchen to garret panton continues to explore the thematic concerns surrounding class domesticity and the nuanced experiences of individuals within their private spaces i wholeheartedly recommend nooks and corners to anyone intrigued by the dynamics of domestic life and the hidden stories within our surroundings this introspective exploration not only enriches our appreciation for the spaces we inhabit but also invites us to reflect on our personal connections to them making it a valuable addition to both literary and social discourse

the chair you're likely sitting in one right now yet despite its common presence in offices restaurants and homes we very rarely stop to think about the origins of the chair and its place in culture after all the human body is actually more suited to sitting on the ground than on a chair and as a result chairs often cause back problems nonetheless in western culture as anne massey explains the chair is an object that marks our place in the modern world massey explores how particularly in the last hundred years the chair has become a revered object of design certain chairs have become iconic like the eames lounge chair and verner panton's chair which are photographed exhibited in art museums and slavishly copied by cheaper models other chairs have reached iconic status simply through their everydayness think of van gogh's chair or the way shaker chairs have become emblematic of a simpler and purer lifestyle massey further examines how chairs have been crafted from local to global manufacture in doing so she elucidates the meaning of the chair in contemporary culture as well as the development design and manufacture of this ubiquitous object drawing on design art popular culture and personal experience chair is an engaging and informative biography of this everyday object and will appeal to anyone interested in why we choose to sit on the chairs we do

root cause failure analysis provides the concepts needed to effectively perform industrial troubleshooting investigations it describes the methodology to perform root cause failure analysis rcfa one of the hottest topics currently in maintenance engineering it also includes detailed equipment design and troubleshooting guidelines which are needed to perform rcfa on machinery found in most production facilities this is the latest book in a new series published by butterworth heinemann in association with plant engineering magazine plant engineering fills a unique information need for the men and women who operate and maintain industrial plants it bridges the information gap between engineering education and practical application as technology advances at increasingly faster rates this information service is becoming more and more important since its first issue in 1947 plant engineering has stood as the leading problem solving information source for america's industrial plant engineers and this book series will effectively contribute to that resource and reputation provides information essential to industrial troubleshooting investigations describes the methods of root cause failure analysis a hot topic in maintenance engineering includes detailed equipment design guidelines

originally published in 1952 but enlarged and revised in 1969 this dictionary became a standard authoritative work of reference it contains 2 612 entries and over 1 000 illustrations reproduced from contemporary sources and from drawings by ronald escott marcelle barton and maureen stafford the work is divided into 6 sections the first and second concern the description and design of furniture the third contains the entries the fourth gives a list of furniture makers in britain and north america section five records books and periodicals on furniture and design and the concluding section sets out in tabular form the periods with the materials used and types of craftsmen employed from 1100 to 1950
