uno de los aspectos más valiosos de este libro es que comienza enlazando a través de los dos primeros artículos la educación universitaria con su nivel inmediatamente anterior la

escuela de secundaria una conexión que a menudo se olvida con serios resultados para ambos en este sentido benito camacho martín el autor de uno de los artículos realiza un análisis lúcido y en cierto modo dogmático sobre el declive de la enseñanza de literatura en las escuelas de secundaria tanto en horas dedicadas como en conocimientos adquiridos los otros artículos algunos en inglés y otros en castellano tratan distintos aspectos de la enseñanza de literatura norteamericana con un énfasis manifiesto en materiales del siglo xx y sobre todo en la literatura afro americana de hecho el libro resultará particularmente útil para los profesores de esto último

this book offers a broad ranging account of contemporary american culture the complex network of symbols practices and beliefs at the heart of our society lundin explores the historical background of some of our postmodern culture s central beliefs and considers their crucial ethical and theological implications
