this volume was born to address the lack of classroom oriented scholarship regarding u s

educated multilingual writers unlike prior volumes about u s educated multilinguals this book focuses solely on pedagogy from classroom activities and writing assignments to course curricula and pedagogical support programs outside the immediate classroom unlike many pedagogical volumes that are written in the voice of an expert researcher theorist this volume is based on the notion of teachers sharing practices with teachers all of the contributors are teachers who are writing about and reflecting on their own experiences and outcomes and interweaving those experiences and outcomes with current theory and research in the field the volume thus portrays teachers as active reflective participants engaged in critical inquiry contributors represent community college college and university contexts academic esl developmental writing and first year composition classes and face to face hybrid and online contexts this book was developed primarily to meet the needs of practicing writing teachers in college level esl basic writing and college composition classrooms but will also be useful to pre service teachers in tesol composition and education graduate programs

co published with and students need more than just academic skills for success in college and career and the lack of an explicit instructional focus on the soft skills critical to postsecondary success poses a challenge for many students who enter college especially the underprepared based upon a multi campus cross disciplinary collaboration this book presents the resulting set of habits of mind based strategies that demonstrably help not only low income esl and first generation college students overcome obstacles on the path to degree completion these strategies equally benefit all students they promote life long integrative learning and foster intellectual qualities such as curiosity openness flexibility engagement and persistence that are the key to developing internalized and transferrable competencies that are seldom given direct attention in college classrooms this contributed volume written with full time and adjunct faculty in mind provides the rationale for this pedagogical approach and presents the sequential instructional cycle that begins by identifying students assets and progressively focusing on specific habits to develop their capacity to transfer their learning to new tasks and situations faculty from both two year and four year colleges provide examples of how they implement these practices in english math and general education courses and demonstrate the applicability of these practices across course types and disciplines chapters address key factors of college success including the link between habits of mind and student retention and achievement using an assets based approach to teaching and learning supporting and engaging students creating inclusive

learning communities building confidence and self efficacy promoting transfer of learning teacher networks and cross disciplinary collaboration by foregrounding habits of mind as an instructional lens this book makes a unique contribution to teaching in developmental and general education settings

accomplished leadership consultant nick chatrath offers a revolutionary framework for how leaders in all kinds of organizations can adapt to the new age of technology like chatgpt the age of ai by leaning into the qualities and skills that make us uniquely human for readers of yuval noah harari's 21 lessons for the 21st century and max tegmark's life 3.0 the threshold is a bold new way to think about human emotionally intelligent leadership right now as we stand at the threshold of ai superintelligence we are living in a new age the age of ai with developments emerging every day artificial intelligence will soon surpass most human competencies and as a result drastically transform technology's role in our day to day world the solution for organizational leaders is not to become more like computers in order for our organizations to survive as we stand at the threshold of a new era we must tap into the qualities that make us uniquely human in the face of increasingly intelligent technology old models of leadership are becoming obsolete in the threshold leading in the age of ai accomplished leadership consultant nick chatrath interweaves an analysis of antiquated leadership models the ones that leave ai era organizations exposed and ineffective with colleagues frustrated unmotivated and burnt out with his newly developed strategies for more effective threshold leadership methods supported with anecdotes research and a practical toolkit the threshold demonstrates that adaptive effective organizations can be built with human emotional intelligence cultivating stillness nurturing independent thinking finding rhythms of rest and performance and raising leadership consciousness with a basis in the ideas and practices that have shaped our organizations in the past the threshold illuminates how accessing advanced stages of human development can be both competitive and harmonious with ai's growing insinuation into our working world

this volume edited by grace veach explores leading approaches to teaching information literacy and writing studies in upper level and graduate courses contributors describe cross disciplinary and collaborative efforts underway across higher education during a time when fact or truth is less important than fitting a predetermined message topics include working with varied student populations teaching information literacy and writing in upper level general education and disciplinary courses specialized approaches for graduate courses and

preparing graduate assistants to teach information literacy

fully revised updated and extended the fifth edition of *Hollywood's America* provides an important compilation of interpretive essays and primary documents that allows students to read films as cultural artifacts within the contexts of actual past events a new edition of this classic textbook which ties movies into the broader narrative of us and film history this fifth edition contains nine new chapters with a greater overall emphasis on recent film history and new primary source documents which are unavailable online entries range from the first experiments with motion pictures all the way to the present day well organized within a chronological framework with thematic treatments to provide a valuable resource for students of the history of american film

archival research of any magnitude can be daunting with this in mind alexis e ramsey wendy b sharer barbara l eplattenier and lisa mastrangelo have developed an indispensable volume for the first time researcher as well as the seasoned scholar working in the archives is a guide to the world of rhetoric and composition archives from locating an archival source and its materials to establishing one's own collection of archival materials this practical volume provides insightful information on a variety of helpful topics such as basic archival theory processes and principles the use of hidden or digital archives the intricacies of searching for and using letters and photographs strategies for addressing the dilemmas of archival organization without damaging the provenance of materials the benefits of seeking sources outside academia and the difficult yet often rewarding aspects of research on the internet working in the archives moves beyond the basics to discuss the more personal and emotional aspects of archival work through the inclusion of interviews with experienced researchers such as lynée lewis gaillet peter mortensen kathryn fitzgerald kenneth lindblom and david gold each shares his or her personal stories of the joys and challenges that face today's researchers packed with useful recommendations this volume draws on the knowledge and experiences of experts to present a well rounded guidebook to the often winding paths of academic archival investigation these in depth yet user friendly essays provide crucial answers to the myriad questions facing both fledgling and practiced researchers making working in the archives an essential resource

cumulates monthly issues and includes additional material

in her six decade long writing career adrienne rich 1929 2012 addressed with sagacity and probing honesty most of the significant issues of her lifetime a poet of finely tuned craft she won numerous prizes awards and honorary degrees and famously rejected the prestigious national medal for the arts in 1997 she wrote twenty five volumes of poetry and seven non fiction books as she combined the roles of poet scholar theorist and activist rich wrote passionately and powerfully about major 20th and early 21st century concerns such as feminism racism sexism the vietnam war marxism militarism the growing income disparities in the u s and other social issues her works ask important questions about how we should act and what we should believe they imagine new ways to deal with the social and political challenges of the twentieth century setting her work in the context of her life and american politics and culture during her lifetime this book explores rich s poetic and personal journey from conservative dutiful follower of cultural and poetic traditions to challenging questioner and critic from passivity and powerlessness to activist theorist and acclaimed poet of the oppositional imagination
