auster s bestselling tale of family dynamics past and present from the author of contemporary classic the new york trilogy a literary voice for the ages guardian i was looking for a quiet place to die someone recommended brooklyn and so the next morning i travelled down there from westchester to scope out the terrain so begins paul auster s remarkable novel the brooklyn follies set against the backdrop of the contested us election of 2000 it tells the story of nathan and tom an uncle and nephew double act one in remission from lung cancer divorced and estranged from his only daughter the other hiding away from his once promising academic career and indeed from life in general having accidentally ended up in the same brooklyn neighbourhood they discover a community teeming with life and passion when lucy a little girl who refuses to speak comes into their lives there is suddenly a bridge from their pasts that offers them the possibility of redemption infused with character mystery and humour these lives intertwine and become bound together as auster brilliantly explores the wider terrain of contemporary america a crucible of broken dreams and of human folly

vast and diverse brooklyn is often portrayed in literature as a place of traditional community values and face to face relations distinct from anonymous capital driven manhattan brooklyn

fiction discovers what such representations of the New York borough can teach us about diversity and the individual the local and the global combining analysis of popular texts such as Sister Souljah's *The Coldest Winter Ever* with more canonical novels such as Jonathan Lethem's *The Fortress of Solitude* this study draws on the work of a variety of theorists on community and globalization and uses Brooklyn as a case study for an exploration of the complex relationship between romantic ideals of community and global economic forces with cities often depicted as sites of conflict and fear this is a crucial contribution to our understanding of the contemporary urban community and the ethical issues involved in conceptualizing and portraying it in literature

Cognitive science is the interdisciplinary study of the human mind as far as the exact relationship between the cognitive sciences and other fields is concerned however it appears that interdisciplinary exchange often remains unrealized possibly because of the uni-directional application of theories concepts and methods which impedes the productive transfer of knowledge in both directions in the course of the cognitive turn in the humanities and social sciences many disciplines have selectively borrowed ideas from core cognitive sciences like psychology and artificial intelligence the day to day practice of interdisciplinarity thus thrives on one-directional borrowings focusing on cognitive approaches in linguistics and literary studies this volume explores bi-directionality a genuine transdisciplinary interchange in which both disciplines are borrowing and lending the contributions take different perspectives on bi-directionality some extend uni-directional borrowing practices and point to avenues and crossroads while others critically discuss obstacles challenges and limitations to bi-directional transfer

this anthology reflects the current interest in the concept of space as a revitalising approach to literary social mental political and discursive phenomena the contributions which examine novels films art and cultures invite the reader to consider the function of space in human constructions as symbolic representation analytical tool discursive strategy and haunting effect in a wider context they demonstrate the extent to which spatiality impacts on our lives and has ethical political historical and cultural implications the contributors represent a wide range of disciplines in the humanities literature photography art human geography ethnic studies and cultural studies Maria Holmgren Troy and Elisabeth Wenn are associate professors in English literature at Karlstad University Sweden

An inside look into Paul Auster's art and craft the inspirations and obsessions mesmerizing and dramatic in turn a remarkably candid and often surprisingly dramatic investigation into one writer's art craft and life *A Life in Words* is rooted in three years of dialogue between Auster and professor Ib Siegmund starting in 2011 while Siegmund was in the process of launching the Center for Paul Auster Studies at the University of Copenhagen it includes a number of surprising disclosures both concerning Auster's work and about the art of writing generally it is a book that's full of surprises unscripted yet amounting to a sharply focused portrait of the inner workings of one of America's most productive and successful writers through all twenty-one of Auster's narrative works and the themes and obsessions that drive them

informal revealing unexpected this book is a captivating and thought provoking meditation how faith in all its facets remains profoundly relevant for and in our culture when the italian writer antonio monda sat down to talk religion with american cultural leaders he went straight for the big questions o the oprah magazine some of the most well known and well respected cultural figures of our time enter into intimate and illuminating conversation about their personal beliefs about belief itself about religion and about god antonio monda is a disarming rigorous interviewer asking the most difficult questions he often begins an interview point blank do you believe in god that lead to the most wide ranging conversations an ardent believer himself monda talks both with atheists asked what she feels when she meets a believer grace paley replies i respect his thinking and his beliefs but at the same time i think he's deluded and other believers their discussion ranging from personal images of god michael cunningham sees god as a black woman derek walcott as a wise old white man with a beard to religion's place in american culture from the afterlife to the concepts of good and evil from fundamentalism to the bible and almost without fail the conversations turn to questions of art and literature toni morrison discusses virginia woolf and william faulkner richard ford invokes wallace stevens and david lynch draws attention to the religious aspects of bu uel fellini and harold ramis's groundhog day

the seventh age of man issues challenges and paradoxes is a collection of academic essays on old age the contributors come from a wide range of fields of expertise which accounts for the originality of the book depending on their respective disciplines the authors resort to various methodological approaches from sociological case studies to discourse analysis and from historical and political theories to media criticism but they often address similar questions when are people to be considered as old what does it mean to be old how do we deal with ageing and reach similar conclusions about the paradoxical representations of the elderly whether in renaissance europe or in contemporary china although men and women are

sometimes treated differently in most societies the older generation is alternately perceived as a threat and a burden or as financial and moral support if they are often criticized or ridiculed especially when they try to retain their youthful looks long after their prime the elderly also trigger a feeling of nostalgia as representatives of a past usually seen as more desirable than the present their resilience and independence are regularly emphasized as well as their wisdom as a result of their long experience which helps them to contemplate their ends more serenely and which might turn them into models for their contemporaries
