a magisterial sweep through 1500 years of christian history with a groundbreaking focus on the missionary role of migrants in its spread human migration has long been identified as a driving force of historical change building on this understanding jehu hanciles surveys the history of christianity s global expansion from its origins through 1500 ce to show how migration more than official missionary activity or imperial designs played a vital role in making christianity the world s largest religion church history has tended to place a premium on political power and institutional forms thus portraying christianity as a religion disseminated through official representatives of church and state but as hanciles illustrates this top down perspective overlooks the multifarious array of social movements cultural processes ordinary experiences and non elite activities and decisions that contribute immensely to religious encounter and exchange hanciles s socio historical approach to understanding the growth of christianity as a world religion disrupts the narrative of western preeminence while honoring and making sense of the diversity of religious expression that has characterized

the world christian movement for two millennia in turning the focus of the story away from powerful empires and heroic missionaries migration and the making of global christianity instead tells the more truthful story of how every christian migrant is a vessel for the spread of the christian faith in our deeply interconnected world

how do we explain the globalized musical world in which we find ourselves in the early 21st century and how did we arrive here this extraordinary book outlines an understanding of the human musical story as an intercultural and ultimately a transcultural one with travel and trade as the primary conditions and catalysts for the ongoing development of musical styles starting with the cultural and civilizational precedents that gave rise to the first global trading and travel network in both directions across the afro eurasian old world in the form of the silk road the book proceeds to the rise of al andalus and its influence on europe through the iberian peninsula before considering the fusion of european african and indigenous musics that emerged in the americas between c1500 1920 as part of atlantic culture and the new world as well as the concurrent acceleration of globalism in music through european empires and exoticism the book concludes by examining the musical implications of our current age of instantaneous exchange that technology permits and by revisiting the question of interculturality and transculturality in music
