the first volume of peter seewald s long awaited authoritative biography of pope benedict xvi by any reckoning the papacy of pope benedict xvi was extraordinary with moments of high drama not the least of these was his resignation from office in february 2013 the first papal resignation in almost 600 years but who was joseph ratzinger in this definitive biography based on meticulous historical research and many hours of taped interviews with his subject peter seewald shows the exceptional circumstances in which the exceptionally talented son of a bavarian policeman became the first german pope for 950

years in this first volume covering the years 1927-1965 we witness Joseph Ratzinger's early days living above his father's police station. Ratzinger came to adulthood through the years of national socialism though hostile to the rise of Hitler his family knew well about Dachau and Ratzinger himself was conscripted into the Hitler Youth. Joseph Ratzinger proved to be a man of exceptional intellectual gifts and by the time of the Second Vatican Council 1962-1965 he was already noted as one of the outstanding intellects present and was nominated a peritus or theological expert. This was also the time of the start of his friendship with the Swiss theologian Hans Küng who was to become his nemesis. Of his predecessor Pope Francis has said Pope Benedict was a great Pope great for the penetration of his intelligence great for his important contribution to theology great for his love of the Church and human beings great for his virtues and faith. Even in this first volume we begin to understand how this came to be true.

Emeritus Pope Benedict commanded both adulation and unremitting criticism to millions. He was a beacon of light in a turbulent modern world. In this second volume of Peter Seewald's authoritative biography the story continues from the Second Vatican Council 1962-65 right up to his resignation in 2013. The first Pope to do so in almost 600 years we see how Benedict was influenced by the Council and the ensuing political unrest all over Europe to move from a liberal perspective on the Church and the modern world to one that was profoundly conservative. Appointed in 1981 as Prefect of the Congregation of Doctrine of the Faith and quickly nicknamed God's Rottweiler he proved to be intransigent on the controversial issues of abortion, contraception, gay rights and gay marriage. But elected Pope in 2005 his tenure of office was so riven with shocking revelations of controversy and scandal that it seemed that by the time of his resignation in 2013 he was incapable of handling the complexities of the Church in the modern world. Vatileaks, sexual abuse by priests, the Regensburg speech which became the spark of an eruption of anger and rage in the Muslim world, all these hit the world's media headlines. Peter Seewald was the only person who was close enough to Benedict to assess the man himself and to uncover the truth about so many of the controversial issues surrounding this most controversial papacy. Seewald has already published two books of interviews with Benedict and this book is based not just on meticulous research but on many hours of recorded interviews with Benedict himself. It will stand for many years as the definitive biography of Benedict XVI from an author with unrivalled access to the Pope Emeritus.

Edited by Emery de Gaál and Matthew Levering, *Joseph Ratzinger and the Healing of Reformation Era Divisions* examines Joseph Ratzinger, Pope Benedict XVI's manifold contributions to Catholic-Protestant theological reflection. The collection opens with an introduction comparing Ratzinger's approach to ecumenism to that of Karl Rahner. Rahner argues that the structural uniting of Protestants and Catholics should take place now without worrying about doctrinal differences. In contrast, Ratzinger argues that unity in Christ requires probing the doctrinal differences and seeking a deeper understanding of the reasoning of each side on the grounds that the truth of the Gospel that each side

desires to preserve will ultimately be the basis for the only kind of christian ecclesial unity worth having namely a unity of the basis of the truth of the gospel of jesus christ detailed essays follow treating a number of loci including papal primacy ecumenical principles liturgy evangelization mariology christ s birth and the celebration of christmas public theology christocentrism martin luther charity conscience missiology justification the reception of ratzinger benedict in radical orthodoxy and scripture and tradition these essays run the full gamut of ratzinger benedict s major themes and preoccupations ten of the essays are by catholic scholars and seven by protestant scholars contributors include many of the world s leading ratzinger experts and the volume opens with an essay by bishop rudolf voderholzer director of the pope benedict xvi institute in regensburg germany

a fascinating and insightful volume collecting together the key writings of joseph ratzinger some of them yet untranslated from his youthful and more progressive writings to his transition period following his disillusionment with the aftermath of vatican ii to his time as prefect of the vatican s congregation for the doctrine of the faith down to 2005 the emphasis will be upon joseph ratzinger as private theologian his many writings released in a personal capacity for such will chart the formation of and comment upon the official statements and texts released under his name in a more informative fashion than the simple inclusion of the formulaic official texts themselves following a section providing insight into the fundamental and systematic theological background and development of joseph ratzinger s thought further thematic sections will also be included for example joseph ratzinger s writings on ecclesiology on theology and the role of theologians on the eucharist on religious pluralism on sacramental theology ecumenism on truth on the contemporary historical era on magisterium and on faith morals etc the volume will open with an introductory essay charting the life and career the achievements of and the controversies surrounding the new pope each reading will be prefaced by a brief introduction to its context and themes and will be followed by recommended further reading on its respective subject matter

for joseph ratzinger the separation between ontology and history constitutes the crucial problem that underlies all the difficulties of contemporary dogmatic theology since it affected the original unity of two essential dimensions of christian revelation this study delves into joseph ratzinger s approach to the problem his account of the path that led to this separation and into some key insights drawn from his understanding of human salvation that could contribute to overcoming this dichotomy that afflicts contemporary theology through the study of joseph ratzinger s writings troconis highlights the relational and existential character of the theology of one of the best known and most influential catholic thinkers of our time

this important and illuminating book focuses on ratzinger s status as one of the preeminent catholic theologians of the 20th century aidan nichols provides a full scale investigation of

his theology as it develops from the 1950s onward the book presents a chronological account of the development of ratzinger s writing which reflects a wide range of historical and theoretical interests such as augustine s ecclesiology early franciscanism and the idea of salvation history christian brotherhood the unfolding of the second vatican council the apostles creed explorations of the concept of the church preaching liturgy and church music eschatology the foundations of dogmatic and moral theology and the problem of pluralism this third edition as well as providing a two chapter long biography of joseph ratzinger benedict xvi and amplifying the account already given of his later pre papal writings describes the new thinking that belongs to the years of benedict s pontificate that comprises his trilogy of books on jesus of nazareth his quartet of encyclicals and the set of major speeches he gave at global venues chiefly on the contribution of faith to culture and civil society an expanded conclusion weighing the lasting significance of his work leads into a presentation of the themes of his posthumous essay collection the curtain call he entitled what is christianity

the oxford handbook of ecclesiology is a unique scholarly resource for the study of the christian church as we find it in the bible in history and today as the scholarly study of how we understand the christian church s identity and mission ecclesiology is at the centre of today s theological research reflection and debate ecclesiology is the theological driver of the ecumenical movement the main focus of the intense ecumenical engagement and dialogue of the past half century has been ecclesiological and this is the area where the most intractable differences remain to be tackled ecclesiology investigates the church s manifold self understanding in relation to a number of areas the origins structures authority doctrine ministry sacraments unity diversity and mission of the church including its relation to the state and to society and culture the sources of ecclesiological reflection are the bible interpreted in the light of scholarly research church history and the wealth of the christian theological tradition together with the information and insights that emerge from other relevant academic disciplines this handbook considers the biblical resources historical development and contemporary initiatives in ecclesiology it offers invaluable and comprehensive guide to understanding the church

in these pages benedict xvi shares his reasons for retiring from the papacy in 2013 in an interview with the author many saw his astonishing retirement as a sign of the church's decline but he intended it as a seed sown in the hope of bringing the church a younger more vigorous leadership in the face of daunting challenges among those challenges are the financial and sexual scandals that continue to undermine the church's mission when ratzinger was elected pope in 2005 he opened a path of purification for the church while calling upon the western world to return to its christian roots and to build a new humanism for the twenty first century and his call for renewal is still relevant widely recognized as one of the most important theologians and spiritual leaders of our time joseph ratzinger served throughout the papacy of john paul ii as the prefect of the congregation for the doctrine of the faith both men had witnessed how atheistic philosophies and war had ravaged twentieth century europe and they shared in the effort of revealing to modern man his need for god for redemption in jesus christ

many refer to pope benedict xvi as the mozart of theology who are the thinkers who have informed his theology what events and which religious devotions have shaped his personality this study attempts to shed light on the unifying melody of the policies and positions of a pontificate charged with spiritual and theological depth

an international cast of theologians come together in this volume to offer essays in tribute to the late stanley j grenz one of the leading theologians of his generation accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology it is only fitting that these very explorations revolve around the key motifs of grenz's theology trinity community eschatology and the key sources from which he drew for theology's construction scripture tradition culture while engaging key features seen in grenz's work some of the essays here interact with grenz's own writings reflecting on his theological journey and his contributions to evangelical theology in these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which stan grenz was a leading proponent revisioning renewing rediscovering the triune center then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology

fr d vincent twomey a former doctoral student of joseph ratzinger and long time friend of the pope felt the need to respond to the common question he heard often after the papal election what kind of person is the new pope so often twomey had read false depictions of both the man and his thought especially the image presented by the media as a grim enforcer twomey offers here a unique double presentation of the man pope benedict xvi a theological portrait that encompasses both an overview of the writings teachings and thought of the brilliant theologian and spiritual writer as well as the man himself and his personality traits and how he communicates with others twomey shows that the secret to the serene dignified behavior of benedict is that he is open to beauty as much as truth that

he lives outside himself and is not preoccupied with his own self he also is a man that twomey says has the courage to be imperfect showing he has a deep humility and strives for teaching the truth even when misunderstood or not presented as well as he would like fr d vincent twomey s v d holds a ph d in theology and is a professor of moral theology at the pontifical university at st patrick s college in ireland he is the author of several books including his most recent acclaimed study on the state of irish catholicism the end of irish catholicism

this book extensively explores the various influences and connections between joseph ratzinger and a number of leading philosophers engaging with his work by means of spanish portuguese german and english schools of thought through the contributions of a global body of scholars each chapter in this volume examines precisely how ratzinger has dealt with the ideas of a particular philosopher and how he has appropriated their ideas and thoughts moving from philosophers he has modified or critiqued such as kant comte or wittgenstein to those who have contributed to his philosophical theology such as guardini and pieper this truly international endeavour is an extraordinary journey into ratzinger s engagement with his competing and congenial schools of thought

what does it mean to say that scripture is god s word and just how true is the bible though sometimes dismissed as fundamentalist concerns these questions also sent twentieth century catholic theology searching for a new paradigm of biblical inspiration theologians repeatedly attempted to reconcile the traditional conviction that the bible shares in the omniscience of its divine author with scholarly findings that suggested otherwise joseph ratzinger contributed both negatively and positively to this project deconstructing the regnant manualist models of inspiration and constructing an alternative inspired by st bonaventure the result is an ecclesial model of surprising comprehensiveness and balance indeed the inspiration and truth of scripture concludes that ratzinger s alternative provides the least inadequate paradigm currently on offer today the inspiration and truth of scripture breaks new ground in several ways first it situates ratzinger within a broader catholic quest for a theology of inspiration showing his model offers advantages even relative to those proposed by modern theology s most eminent minds john henry newman pierre benoit karl rahner and david tracy secondly this book shows how ratzinger s paradigm generates tests for identifying the perennially valid affirmations of scripture and thus an approach to resolving disputed biblical questions must one who accepts the authority of scripture believe in the devil are the marian dogmas really in scripture to what extent does jesus s prohibition of divorce still apply in today s changed social circumstances just how historical are gospel narratives like the last supper intended to be the result is a book that bridges the gap between normative theology and historical exegesis overall the inspiration and truth of scripture presents ratzinger not as an unimaginative enforcer of doctrinal conclusions but as a creatively faithful theologian whose reconfiguration of inspiration should serve as the point of departure for all future reflection on the subject

presents a photo biography of the pope s life from infancy through the first year of his papacy giving an overview that helps reveal who the man is that now sits on the chair of st peter

questions surrounding the understanding of communion are a significant feature of much contemporary ecclesiology but their prominence calls attention to wider questions regarding ecclesiological method brian flanagan addresses the questions of how to characterize a systematic ecclesiology and the possibility of a systematic communion ecclesiology through an investigation of the concept of communion in the work of jean marie tillard op tillard s theology is noted as the most prominent roman catholic communion ecclesiology flanagan argues that tillard contributes to systematic ecclesiology by defining the concept of communion in relation to christology soteriology and theological anthropology thereby framing an answer to the contemporary question of ecclesial unity and diversity the book also assesses the danger of idealism in tillard s thought and suggests that further engagement with social scientific study of the church will help strengthen nuance and critique tillard s idea of communion

padriac conway is director of the ucd international centre for newman studies and a vice president of university college dublin book jacket

lieven boeve examines the place of theology in the university the church and society he emphasizes that theology certainly belongs to all of these three domains as it belongs to the nature of theology to involve itself in all three spheres especially at the crossroads where they overlap boeve discusses the recent document theology today from the international theological commission which circumscribes theology s place and task in the catholic church boeve discusses how the difficult relation between theology and philosophy is typical for a church which has difficulty with the dialogue in today s world as well as examines the relation between theology and religious studies going further boeve offers a reflection on catholic identity today focusing more specifically on education he presents four models for considering the identity of catholic schools in the light of the changed society and argues that dialogue in a context of plurality and difference can lead to new fruitful ways to shape even the catholic identity boeve concludes his discussion with a short assessment of pope benedict s papacy and emphasizes the need for the catholic church to convert itself before it can call the world to do the same

sharp controversies about biblical authority the ordination of women evangelical worship styles and the struggle for homosexual inclusion have rocked the lutheran church in recent decades in changing churches two men who once communed at the same lutheran eucharistic table explain their similar but different decisions to leave the lutheran faith tradition one for orthodoxy the other for roman catholicism here mickey l mattox and a g roeber address the most difficult questions protestants face when considering such a conversion including views on justification grace divinization the church and its authority

women and ministry papal infallibility the role of mary and homosexuality they also discuss the long standing ecumenical division between rome and the orthodox patriarchates acknowledging the difficult issues that still confront those traditions from within and divide them from one another
