this casebook supports undergraduate courses in the law of tort it provides a selection of cases on tort together with status linked with commentary it covers statutory changes such as the defamation act 1996

smith hogan ormerod s text cases materials on criminal law is a thorough and accessible guide to criminal law combining extracts from key cases and statutes together with invaluable extracts from expert reports and articles ormerod and laird expertly guide the reader through the various facets of the law while posing numerous questions for further investigation and reflection the contents of the twelfth edition have been substantially revised and restructured to closely match the structure of contemporary courses this new edition includes significantly more explanatory text and third party critical commentary ensuring that the book is suitable for use as a core textbook this book provides the law student with everything they need to develop a thorough understanding of this fascinating subject online resource centre oxfordtextbooks co uk orc sho this book is accompanied by a selection of online resources including detailed annual updates useful web links and outline answer guidance to selected in text questions

extensive commentary is supplemented by a wealth of additional material extracts from cases and legislation comprehensive citation of academic writings challenging questions and detailed notes which will help students and practitioners to understand the significance of the cases other materials special 108 from 4 12 06 15 12 06

this book will be of great value to practitioners students academics and judges whatever their level of experience the trouble for many legal practitioners and indeed for many legal book writers can be a failure to see the wood for the trees and that is a particular risk when it comes to a subject as fissiparous as statutory interpretation david lowe and charlie potter are to be

congratulated for having avoided that risk they have written a crisp and engaging book which covers this important topic in an informative and accessible way from the foreword by david neuberger understanding legislation provides a practical accessible guide to interpreting both english and european legislation of all kinds this book can be used as a first port of call for practitioners and students on all matters of statutory construction it is designed to serve as a succinct and authoritative point of reference for questions concerning sources of legislation the anatomy and structure of differing instruments and matters of interpretation as well as considering how to read statutory language and the key principles and presumptions that the courts will apply the book addresses how other legislation and materials can influence the interpretive exercise and in what way to this end it discusses the interpretive significance of the different components of legislation the various external aids to construction that may exist and the role of international law the european convention on human rights through the human rights act 1998 and eu law in interpreting domestic law while the primary focus is on english law the treatment of eu and international law will also serve as concise freestanding guidance as to the sources of eu law the construction of eu legislation and the construction of treaties

comparative analysis of the techniques and procedures of important mathematical commentaries in five ancient cultures from china to greece

a complete reference resource for students of employment law well established as the most regularly updated casebook on the market it offers a wide range of case law and statutes along with plenty of non statutory material providing students with a thorough grounding in the subject

law express exam success is designed to help you to relate all your reading and study throughout your course specifically to exam situations understand quickly what is required organise your revision and learn the key points with ease to get the grades you need tested with examiners and students

examining situational complexity is a vital part of social and behavioral science research this engaging text provides an

effective process for studying multiple cases such as sets of teachers staff development sessions or clinics operating in different locations within one complex program the process also can be used to investigate broadly occurring phenomena without programmatic links such as leadership or sibling rivalry readers learn to design analyze and report studies that balance common issues across the group of cases with the unique features and context of each case three actual case reports from a transnational early childhood program illustrate the author s approach and helpful reproducible worksheets facilitate multicase recording and analysis

there has been little or no study on trademark laws in asia on a cross jurisdictional level this book aims at filling the existing gap and provides a comprehensive overview of trademark laws of eight major asian jurisdictions and their most updated trademark case law the book analyses six of the principal issues that best reflect asian features in trademark law and trademark development the cases in the book are principally the most authoritative decisions usually the first to deal with certain new emerging issues or the first to apply particular statutory provisions in the respective jurisdiction also included are a small number of direction changing outlying or even controversial decisions each case report is divided into six sections summary legal context facts reasoning of the court legal analysis and commercial or industrial significance readers will find this book useful in both its overview of the legal context and how those cases are to be interpreted legally and commercially

the cases in this book identify major tension points which educators face the reflective case commentaries from numerous and varied experts in the field provide real life experiences for teacher candidates that they will doubtless encounter in their professional journeys cases for teacher development preparing for the classroom is a wonderful supplement for any introductory course in an education program carol wareing merrimack college the greatest strength of the book is inclusion of realistic voices from the field the cases are written by real teachers who have encountered actual issues in their daily practices these cases would be a valuable addition to my course andrew c kemp university of louisville this is a very well written book that could be useful in a variety of settings the cases presented will work in a number of situations and be appropriate for a number of different classes such as preservice student teaching leadership mentoring etc the timely topics presented make

this a distinctive contribution to the literature allan cook university of illinois springfield the strength of the case study approach is allowing students to encounter dilemmas in teaching prior to entering the field this would be a great book for use with a class of undergraduates delores d liston georgia southern university i really enjoyed reading cases for teacher development preparing for the classroom the book is distinctive and superior in that the cases depict situations most teachers encounter georgianna short ohio state university with the recent and increasing attention to accountability and standards teacher preparation programs are more than ever in need of tools that vicariously acquaint future teachers with the difficult situations they will face cases for teacher development preparing for the classroom is the perfect catalyst for this sort of teacher development the cases encourage students to immerse themselves in classroom situations before they begin their practice helping them link theory and experience all of the cases present relevant situations that replicate the complicated multitasked and interrelated realms of the teacher key features represents a variety of teacher stages from preservice to retirement addresses many interrelated and complicated issues in teaching moving between students curriculum and subject knowledge includes questions that focus directly on the case at hand as well as case commentaries from renowned experts that broaden the work s scope and suggest new ways to think act and improve performance in the classroom provides diverse pedagogical sections that clearly involve the reader in issues pertinent to the classroom after careful consideration and discussion of the cases and case commentaries beginning teachers will be better equipped to recognize classroom incidents and student behaviors along with their likely ramifications any introduction to teaching course will benefit from cases for teacher development and both beginning and experienced teachers will find this an essential reference for reflection and refinement of classroom skills

strategies for improving disposition reporting

this issue of clinics in laboratory medicine titled conceptual advances in pathology addresses the key factors impacting pathology and details the technology surrounding the field the guest editor zoltan oltvai md splits the issue into three sections technological advances process advances educational and practice needs and the business of pathology

legal skills encompasses all the academic and practical legal skills vital to a law degree in one manageable volume it is an ideal text for the first year law student and a valuable resource for those studying law at any level
