this major new handbook synthesises more than two decades of scholarly

research and provides a comprehensive overview of the field of terrorism studies the content of the handbook is based on the responses to a questionnaire by nearly 100 experts from more than 20 countries as well as the specific expertise and experience of the volume editor and the various contributors together they guide the reader through the voluminous literature on terrorism and propose a new consensus definition of terrorism based on an extensive review of existing conceptualisations the work also features a large collection of typologies and surveys a wide range of theories of terrorism additional chapters survey terrorist databases and provide a guide to available resources on terrorism in libraries and on the internet it also includes the most comprehensive world directory of extremist terrorist and other organizations associated with guerrilla warfare political violence protest and organized and cyber crime the routledge handbook of terrorism research will be an essential work of reference for students and researchers of terrorism and political violence security studies criminology political science and international relations and of great interest to policymakers and professionals in the field of counter terrorism

this volume is a monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources which is now being revised and updated as a resource for the expanding community of researchers on the subject of terrorism

top ten global justice law review articles 2008 is a thorough and accessible review of the most salient the most controversial and the most illuminating essays on security law in the previous calendar year in this edition professor amos guiora presents the ten most vital and pertinent law review articles from 2008 written by both scholars who have already gained international prominence as experts in global justice as well as emerging voices in the realm of international criminal law and human rights these articles deal with issues of terrorism security law environmental law and the preservation of civil liberties in the post 9 11 world the chosen selections derive not just from the high quality and expertise of the articles authors but equally from the wide diversity of legal issues addressed by those authors guiora combines the expertise of scholars from both eminent law schools and government agencies to provide a valuable resource for scholars and experts researching this important subject area this annual review provides researchers with more than just an authoritative discussion on the most prominent global justice debates of the day it also educates researchers on new issues that have received far too little attention in the press and in academia these expert scholars and leaders tackle and give voice to issues that range from the psychology of terrorism to the role of oil

in the sudanese genocide to the oppression of women in new arab democracies to transnational environmental cooperation and beyond together the vast knowledge and independent viewpoints represented by these ten authors make this volume a valuable resource for individuals new to the realm of global justice and for advanced researchers with a sophisticated understanding of the field top ten global justice law review articles 2008 serves as a one stop guidebook on how both the u s and the world generally are currently grappling with fundamental principles of social and political life

although each main set volume of terrorism 1st series contains its own volume specific index this comprehensive index places all the index info from the last fifty main set volumes into one index volume furthermore the volume specific indexes are only subject indexes whereas five different indexes appear within this one comprehensive index the subject index an index organized according to the title of the document an index based on the name of the document s author an index correlated to the document s year and a subject by year index this one all encompassing index thus provides users with multiple ways to conduct research into four years worth of terrorism 1st series volumes

over 2 400 total pages russian outrage following the september 2004 hostage disaster at north ossetia s beslan middle school no 1 was reflected in many ways throughout the country the 52 hour debacle resulted in the death of some 344 civilians including more than 170 children in addition to unprecedented losses of elite russian security forces and the dispatch of most chechen allied hostage takers themselves it quickly became clear as well that russian authorities had been less than candid about the number of hostages held and the extent to which they were prepared to deal with the situation amid grief calls for retaliation and demands for reform one of the more telling reactions in terms of hardening public perspectives appeared in a national poll taken several days after the event some 54 of citizens polled specifically judged the russian security forces and the police to be corrupt and thus complicit in the failure to deal adequately with terrorism while 44 thought that no lessons for the future would be learned from the tragedy this pessimism was the consequence not just of the beslan terrorism but the accumulation of years of often spectacular failures by russian special operations forces sof in the apt us military acronym a series of russian sof counterterrorism mishaps misjudgments and failures in the 1990s and continuing to the present have made the kremlin s special operations establishment in 2005 appear much like russia s old mir space station wired together unpredictable and subject to sudden startling failures but russia continued to maintain and expand a large variegated

special operations establishment which had borne the brunt of combat actions in afghanistan chechnya and other trouble spots and was expected to serve as the nation s principal shield against terrorism in all its forms known since soviet days for tough personnel personal bravery demanding training and a certain rough or brutal competence that not infrequently violated international human rights norms it was supposed that russian special operations forces steeped in their world of threats to the state and associated with once dreaded military and national intelligence services could make valuable contributions to countering terrorism the now widely perceived link between corrupt special forces on the one hand and counterterrorism failures on the other reflected the further erosion of russia s national security infrastructure in the eyes of both russian citizens and international observers there have been other more ambiguous but equally unsettling dimensions of russian sof activity as well that have strong internal and external political aspects these constitute the continuing assertions from russian media the judicial system and other federal agencies and officials that past and current members of the sof establishment have organized to pursue interests other than those publicly declared by the state or allowed under law this includes especially the alleged intent to punish by assassination those individuals and groups that they believe have betrayed russia the murky nature of these alleged activities has formed a backdrop to other problems in the special units

this book offers a timely and critical reflection on how states have responded to the test of terrorism in the long shadow of 9 11 terrorism has become the hallmark of international relations in the early twenty first century this book provides a policy focused analysis of how certain states have responded to its test by employing a range of viewpoints that encompass state level responses down to a close interrogation of the nebulous non state actors who have orchestrated spectacular political violence in contemporary times it engages with the challenges of terrorism from a variety of perspectives that include philosophical discourses the perils of counterterrorism encapsulated in the death of jean charles de menezes learning in counterinsurgency the effectiveness of counterterrorism spending al qaeda s modus operandi and the threat posed by boko haram to nigeria this eclectic collection of chapters is an important contribution to the wide ranging and contested debate about terrorism that has dominated the political discourse in the west since 2001 this book was published as a special issue of defense and security analysis

this thoroughly updated edition with expanded coverage explores the impact of terrorism on economics public health religion and pop culture and also includes details of ethical issues and debates relating to terrorism

the spectre and fear of another terrorist attack looms large for most of the world's citizenry and for the domestic law agencies charged with protecting these citizens and countries this book explores how various countries have dealt with or are dealing with homeland security in the aftermath of terrorist attacks

the objective of this work is to provide an analysis of the legislative approaches to counter terrorism and human rights in australia canada new zealand and the united kingdom the text is aimed at lawyers and practitioners within and outside common law nations although the text analyses the subject within the four jurisdictions named many parts of the book will be of interest and relevance to those from outside those jurisdictions considerable weight is placed on international obligations and directions with a unique and hopefully useful feature of the text being the inclusion and consideration of a handbook written by me on human rights compliance when countering terrorism set out in appendix 4 and considered in chap 13 a significant part of the research undertaken for this work was as a result of my being awarded the international research fellowship te karahipi rangahau a taiao an annual fellowship generously funded by the new zealand law foundation the new zealand law foundation is an independent trust and registered charitable entity under the charities act 2005 nz this project would not have been possible without the law foundation's award which allowed me to undertake research and associated work over reasonably lengthy periods of time in australia canada israel england austria switzerland and finland it is not just the geographical location of this work that was made possible however

targeting terrorists a license to kill examines the political history and ethics of targeted killing every play's analysis addresses the questions of moral political and legal justification in the context of the current war on terror and of legitimate illegitimate forms of counter terrorism more generally given the increasing number of terrorist targetings conducted around the world today and the virtual absence of a sustained public and scholarly debate over the practice this study makes a crucial contribution to the examination of an increasingly important and troubling subject incorporating insights and arguments from a range of disciplines and approaches and offering an excellent balance between theory and case studies this book is highly relevant for courses on ethics politics international relations and international law

what do we really know about the contributing causes of terrorism are all forms of terrorism created equal or are there important differences in terrorisms that one must know about to customize effective counter

strategies does poverty cause terrorism this book talks about the basic human ingredients that combust to produce violent extremism

this book analyses the preventative confinement of suspected terrorists with regard to different models of counter terrorism policy within the context of international human rights law the book is written from a global perspective drawing on cases and practice from different jurisdictions including the us the uk and australia

how do terrorists become politicians this book embraces a series of comparative case studies in order to examine important issues regarding the relationship between terrorism and political processes it identifies the characteristics necessary for the transition from a terrorist organization to a political party and situates this within broader debates about substantive ethical concerns motivating the distinction between legitimate politics and illegitimate violence the volume offers a presentation of how some terrorist groups see the world in which they live it also provides an understanding of how established democracies such as the us react to the phenomenon of the terrorist politician transition this is a useful resource for students and scholars of international relations political ethics and comparative politics

this edited book analyses the lessons which can be drawn from northern ireland s experiences of combating terrorism the essays in this volume unite analysis and practice in exploring both the conflict in northern ireland and the internationally applicable counter terrorism lessons which can be drawn from the response to it the contributors all specialists in their fields make a theoretical analysis of the underlying causes of terrorism and explore how this interacts with the development of effective operations and policy responses the book emphasises the socio economic and socio cultural dimensions underlying the problem of terrorism arguing that short term violent military responses can in fact exacerbate the problem it highlights the complexity of terrorism as a social phenomenon and outlines the multi faceted approach needed to combat it

this book offers a systematic analysis of how the interaction between language of security and language of rights produces policies which not only affect everyday functioning of democracy but also redefine the understanding of sovereignty demirsu presents a rich theoretical framework and a novel methodological design premised on a multi method qualitative research that offers a comparative analysis of counter terrorism and human rights in turkey and the united kingdom while part i offers an analysis of the evolution of these two key policy areas in relation to each other part ii presents the findings of the frame analysis of parliamentary

debates both concluding by mapping out cross cutting patterns in these two cases as a result the author demonstrates in detail how discourse and policy making are mutually constitutive from a comparative angle

focusing on the phenomenon of terrorism in the post 9 11 era terrorism and counterterrorism investigates this form of political violence in an international and american context and in light of new and historical trends in this comprehensive and highly readable text brigitte nacos a renowned expert in the field clearly defines terrorism s diverse causes actors and strategies outlines anti and counter terrorist responses and highlights terrorism s relationship with the media and the public terrorism and counterterrorism introduces students to the field s main debates and helps them critically assess our understanding of and our strategies for this complex and enduring issue
