this vault career guide provides law students and legal professionals with an inside look at careers in corporate law

this book addresses the difficult decisions in the life of law students graduates and young law professionals in deciding the area of legal practice to pursue as a career the number of legal fields and subfields is over one hundred making it virtually impossible for an upcoming lawyer to explore all of these career avenues many students finish law school with little understanding of what specific law careers involve for example or what sports or space lawyers routinely do this book highlights the time consuming nature of law education and training that causes a lack of experience in legal fields as being able to successfully determine the right legal profession for the student finding a law career that is a significant source of

satisfaction is a function of serious thinking and active research which the current university to legal practice does not facilitate this book is a practical guide for any student or current lawyer who is deciding and evaluating their future legal profession

how do hierarchies of race class gender and law school status condition the career trajectories of lawyers and how do individual lawyers strategically navigate the constraints and opportunities of their environments where do they find professional satisfaction this book offers an unprecedented account of opportunity structures and social stratification within the early 21st century american legal profession combining unique longitudinal survey data with interviews storytelling and insights from social theory starting in 2000 the authors collected over 10 000 survey responses from more than 5 000 lawyers following these lawyers through the first twenty years of their careers they also conducted in depth interviews with more than 200 lawyers they contextualize their findings through attention to the features of a market driven legal profession in particular the growth in recent decades of the private sector relative to the public sector and corresponding disparities in earnings and status between these different segments the analysis in this book reveals a legal profession that is highly stratified although individual lawyers exercise agency and often find satisfaction in their work there are deep divisions within the profession by client type and practice setting and women and attorneys of color face discrimination and persistent barriers to advancement the careers of lawyers both reflect and reproduce inequalities in law and society writ large

this thorough easy to use handbook helps the reader select a law career best suited to one's interests training and aptitude where a law degree is not a requirement each of the fifty careers profiled in the book includes interviews with people currently in that job sample responsibilities typical education and skills necessary and further resources to help find out more and how to enter the field this new book from the american bar association is a must have for anyone planning their future in law
