the wonderful world of oz is a magical place and has been for generations of americans since l frank baum penned his enduring classic in 1900 with the 1939 movie starring judy garland oz was forever woven into our culture over the course of the twentieth century oz continued to capture the hearts of the american people as well as people all over the world this book documents that magical

journey through beautiful photographs of the world's largest collection of oz memorabilia whether it's first edition covers a munchkin costume or the wicked playbill the iconic items on these pages tell the story of america's most beloved fairy tale come over the rainbow and see why there truly is no place like oz

the wonderful world of friends is a tribute to the fantastic people who have helped influence our lives positively

this fully annotated volume collects three of baum's fourteen oz novels in which he developed his utopian vision and which garnered an immense and loyal following the wizard of oz 1900 introduces dorothy who arrives from kansas and meets the scarecrow the tin woodman the cowardly lion and a host of other characters the emerald city of oz 1910 finds dorothy aunt em and uncle henry coming to oz just as the wicked nome king is plotting to conquer its people in baum's final novel glinda of oz 1920 dorothy and princess ozma try to prevent a battle between the skeezers and the flatheads tapping into a deeply rooted desire in himself and his loyal readers to live in a peaceful country which values the sharing of talents and gifts baum's imaginative creation like all great utopian literature holds out the possibility for change also included is a selection of the original illustrations by w w denslow and john r neill for more than seventy years penguin has been the leading publisher of classic literature in the english speaking world with more than 1 700 titles penguin classics represents a global bookshelf of the best works throughout history and across genres and disciplines readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

this book provides a lively and visual introduction to einstein's theory of relativity it brings to life the excitement of this fascinating subject for an audience including young people at school post 16 and the general public with an interest in modern physics it is different from existing books in that it uses many diagrams and simple equations the reader is carefully guided through them and richly rewards the reader with beautiful mathematical and physical insights it begins by introducing spacetime in the familiar context of low velocities it then shows how einstein's theory forces us to understand time in a new way paradoxes and puzzles are introduced and resolved and the book culminates in a thorough unfolding of the relation between mass and energy the book draws on the author's many years of experience in writing articles and reviews for a non expert readership and presenting physics to school pupils

on the last day of fifth grade jennifer harper and jerry kensington are ready for a summer of backyard escapades and library marathons

but when jennifer stumbles upon an ancient hidden book in the corner of her small town library the world she knows unravels at the edges drawn by mysterious forces jennifer and jerry are whisked into everwood a secret realm where magic breathes in the air fantastical creatures walk in daylight and legends are alive in everwood time runs differently and its guardians are waiting for someone special two children pure of heart whose friendship and wonder may be the key to saving both the magical and human worlds as the boundaries between magic and reality begin to blur jennifer and jerry must face ancient darkness unravel hidden mysteries and discover powers within themselves they never dreamed possible but in a world where every choice shapes the future will their courage and their friendship be enough a wonderful world of magic is a sweeping adventure of imagination heart and hope a timeless tale for readers young and old and for all who believe that magic is just waiting to be found

the wonderful world is a collection of poetry that talks about the beauty of life and the essential parts of life which cannot be bypass without noticing it s a good book and brings you closer to the nature and the reality of life

have you ever wondered why a rainbow is curved or why left handers aren t extinct how a sunflower is like a synchronised swimmer or a lightning bolt is like a blood vessel the answer to all these questions and more can be summed up in one simple word maths as the inimitable eddie woo explains maths is not just about numbers maths is about patterns and our universe is extraordinarily patterned with enthusiasm and wonder eddie is here to help us discover these patterns with engaging clarity and entertaining anecdotes eddie demonstrates the intricacy of maths in all the things we love from music in our ipods to our credit cards filled with humour and heart this book will fascinate entertain and illuminate the maths that surrounds us this is a specially formatted fixed layout ebook that retains the look and feel of the print book longlisted for the abia general non fiction book of the year 2019 praise for eddie woo i never thought i d read a maths book cover to cover let alone sing its praises eddie woo makes maths fun accessible and relevant now we can all benefit from his extraordinary skill as a teacher jenny brockie journalist and tv host not just a great teacher woo s wonderful world of maths shows eddie to be a storyteller too is there anything the woo cannot do adam spencer ambassador for mathematics university of sydney

over half century ago the society for the prevention of cruelty to children complained to mayor van wyck of new york that joe keaton a vaudeville actor was brutally mistreating his five year old son at each afternoon and evening performance the child billed as the human mop was slammed on the floor hurled into the wings and sometimes

banged into bass drums unable to find a bruise or scratch on the lad mayor van wyck refused to ban the act the human mop bounced on to worldwide fame as buster keaton one of this century s greatest comedians in this intimate autobiography buster keaton tells his whole personal and professional story beginning with his colourful and exciting childhood as the undentable tot in the three keatons whose proudest boast was having the rowdiest roughest act in vaudeville buster has played with all the great ones from george m cohen and bojangles robinson and al jolson to jack paar and ed sullivan and red skelton during his sixty years as a star in vaudeville silent and talking pictures night clubs and television roscoe fatty arbuckle got him into the movies and taught him how to throw a custard pie buster could not even keep slapstick out of his eleven months as a draftee in our world war i army he came out to help create the golden age of comedy with his friends charlie chaplin harold lloyd arbuckle mack sennett and the keystone cops marital troubles and alcoholism once got buster down but could not keep him down my wonderful world of slapstick was written with the collaboration of charles samuels co author of his eye is on the sparrow ethel waters best selling autobiography buster keaton s life story will enchant and thrill all those who enjoy looking past the glitter and the grease paint into a magnificent performer s mind and heart

have you ever heard of a meat eating plant or a plant that traps spiders and flies welcome to the wonderful world of carnivorous plants where sticky leaves and slippery stems are just some of the fascinating ways some plants capture their food explore the unique features and adaptations of these plants and the important role they play in our environment reading level varies from child to child but we recommend this book for ages 5 to 9

william bridges needs 10 000 in a week because his family face losing their house if he fails the bailiffs will come and evict them making them homeless there is a problem he has been spawned into a video game and must defeat eight levels to reap the end reward how can he win the money despite being locked in a video game

the bestselling classic that examines the history of economic thought from adam smith to karl marx all the economic lore most general readers conceivably could want to know served up with a flourish the new york times the worldly philosophers not only enables us to see more deeply into our history but helps us better understand our own times in this seventh edition robert l heilbroner provides a new theme that connects thinkers as diverse as adam smith and karl marx the theme is the common focus of their highly varied ideas namely the search to understand how a capitalist society works it is a focus never more needed than in this age of confusing economic headlines in a bold new concluding chapter entitled the end of the worldly philosophy heilbroner reminds us that the word end refers to both the purpose and limits of economics this chapter conveys a concern that

today s increasingly scientific economics may overlook fundamental social and political issues that are central to economics thus unlike its predecessors this new edition provides not just an indispensable illumination of our past but a call to action for our future

a historical account of the context impact and legacy of one of the most successful series in american television history this year marks the 50th anniversary of the walt disney company s network television series disneyland the wonderful world of color the series part of walt disney s quest to re create american entertainment premiered october 27 1954 on abc and was the longest lived program in television history over the years walt disney s visions have evolved into family oriented cinema television theme parks from the lovable mickey mouse and donald duck to magical places like frontierland disneyland the wonderful world of color generated some of the most popular fads of the era in disney tv j p telotte examines the history of the disney television series while placing it in context the film industry s reaction to television in the post world war ii era the disney studios place in the american entertainment industry and walt disney s dream to create the modern theme park telotte s guiding principle in this examination is to illustrate how disney changed the relationship between cinema and television and perhaps more importantly how it affected american culture the conciseness of telotte s book is a major advantage over other leading disney scholarship detailed without including minutia telotte provides the reader with the key issues that surrounded the development of the disney phenomenon this book will attract a wide array of readers scholars of television media and film studies popular culture students and all those touched by the magic of disney
